

PGP Glass Ceylon shines with dual Gold wins in packaging and export excellence

Saturday, 18 January 2025

PGP Glass Ceylon PLC (PGC), Sri Lanka's only glass manufacturer and a global leader, has secured two prestigious Gold Awards at the National Chamber of Exporters (NCE) Awards and the Sri Lanka Packaging Awards. These achievements spotlight PGP Glass as a frontrunner in glass manufacturing and underscore Sri Lanka's growing prominence as a hub for world-class glass production.

As one of Sri Lanka's top exporters by volume, PGP Glass plays a key role in elevating the nation's export profile. The NCE Gold Award highlights the company's exceptional contribution to Sri Lanka's export sector, with its premium glass containers reaching over 20 countries.

PGP Glass Ceylon, with over 60 years of expertise, operates a state-of-the-art facility in Wagawatte, Horana, producing 300 tonnes of glass daily. As the first manufacturer in South-East Asia to produce coloured glass bottles, the company caters to diverse global markets, including liquor, food, and beverages, with an unmatched portfolio of 15+ glass colour options. Winning the Gold Award at the Sri Lanka Packaging Awards further validates its commitment to delivering innovative and sustainable packaging solutions. A publicly listed company, PGP Glass leads the way in sustainable manufacturing with solar energy initiatives, recycling programs, and water-saving measures. Holding globally recognised certifications like FSSC 22000, FDA compliance, and ISO 9001:2015, the company ensures the highest standards in quality and environmental responsibility.

"These awards reaffirm our dedication to excellence and our pivotal role in showcasing Sri Lanka's capabilities on the global stage," said PGP Glass Ceylon PLC Executive Director and COO Sanjay Jain. "We are proud to contribute to the nation's economic growth and global recognition." PGP Glass Ceylon PLC's dual Gold wins are not only a testament to its strategic vision but also a moment of pride for Sri Lanka. As the company continues to expand its reach, it remains committed to driving innovation, sustainability, and excellence in the glass manufacturing industry.
