6 Notes to the condensed interim financial statements

6.1 Condensed Interim financial statements

The Statement of Financial Position as at 30th June 2026, Statement of Profit or Loss, Statement of Other Comprehensive Income, Statement of Cash Flows and Statement of Changes in Equity of the Company for the period ended there of are drawn up from Unaudited financial statements of the Company and provide information as required by the Colombo Stock Exchange and LKAS 34. Further, provisions of the Companies Act No.7 of 2007 has been considered in preparing the said financial statements of the Company.

The presentation and classification of the financial statements of the previous period have been amended, where relevant, for better presentation and to be comparable with those of the current period. The condensed interim financial statements are presented in Sri Lankan Rupees (LKR) and all values are rounded to the nearest thousand except when otherwise indicated.

6.2 Basis of preparation

The same Accounting Policies and methods of computation as mentioned in the audited financial statements for the year ended 31 December 2025 have been adopted in the preparation of these condensed financial statements.

The Company has adopted Amendments to SLFRS 4 in the preparation of financial statements. Application of SLFRS 9 is not considered, considering the temporary exemption permitted under Para 20B of SLFRS 4 as the Company's activities are predominantly connected with insurance.

Application of Statement of Alternative Treatment (SoAT) – Q2 Interim Financial Reporting

SLFRS 17 is effective for annual reporting periods beginning on or after 1 January 2026. In response to implementation challenges affecting the insurance industry, CA Sri Lanka has permitted (Statement of Alternative Treatment issuing - SOAT) insurers to continue applying SLFRS 4 Insurance Contracts for the first and second interim reporting quarters of the initial year of adoption, subject to enhanced disclosures on the expected impact of SLFRS 17 and SLFRS 9. The Company has elected to apply this relief for the quarter ended 30 June 2026.

Accordingly, for this interim period:

Insurance contracts continue to be recognised, measured , and presented in accordance with SLFRS 4 Insurance Contracts

Progress of SLFRS 17 and SLFRS 9 Implementation

The Company has made substantive progress during the second quarter of the financial year towards full implementation of SLFRS 17, including:

- Parallel processing and dry runs of SLFRS 17 numbers including openning balance reconcilations
- Strengthening of governance, controls, and data validation processes
- Development of system modules and intergrations with acturial models.

Expected Impact of SLFRS 17

The adoption of IFRS 17 introduces a comprehensive and principle-based accounting framework for insurance contracts, replacing the requirements under IFRS 4, which permitted insurers to continue applying existing local accounting policies. For the company's general insurance contracts, which are predominantly short-term in nature, the Premium Allocation Approach (PAA) has been applied where the eligibility criteria prescribed by IFRS 17 are met. While the PAA provides a simplified measurement model, it incorporates significant changes to the recognition, measurement, presentation and disclosure of insurance contracts. Under IFRS 17, the Liability for Remaining Coverage (LRC) replaces the unearned premium reserve, insurance revenue is recognised as insurance services are provided rather than based on premium earnings, and the Liability for Incurred Claims (LIC) is measured using fulfilment cash flows, including an explicit Risk Adjustment for non-financial risk. In addition, the previous liability adequacy testing requirements under IFRS 4 have been replaced by an assessment of onerous contracts within the measurement framework. Accordingly, IFRS 17 enhances the consistency, transparency and comparability of the Group's financial reporting while maintaining a simplified measurement approach for eligible short-duration insurance contracts.

In accordance with the SoAT, the entity will not present the quantitative disclosures with the second interim financial statements for the period ended 3oth June 2026, as the implementation and validation of SLFRS 17 are still in progress. The company expects to meet implementation deadline of 1st January 2026, subject to the SOAT and any direction subsequently issued by CA Sri Lanka

6.3 Other income / (expenses) includes foreign exchange gains / (losses) and rent income.

6.4 All expenses related to management expenditure is fully provided for in the financial statements.

6.5 **Contingencies, capital and other commitments**

There are no significant changes in the nature of the contingent liabilities that were disclosed in the Financial Statements for the year ended 31 December 2025.

6.6 **Event after the reporting period**

No circumstances have arisen since the reporting date, which would require adjustments to or disclosure in the financial statements.

6.7 **Insurance contract liabilities - non-life insurance**

	As at	
	30-Jun-26	**31-Dec-25**
	Rs.'000	**Rs.'000**
	Unaudited	**Audited**
Reserves for unearned premium	9,619,978	7,383,439
Reserves for gross outstanding claims	7,244,095	11,001,177
Reserves for IBNR and IBNER	1,333,736	1,249,570
	18,197,809	**19,634,186**

6.7.1 Mr. Roberto Malattia, FIAA, for and on behalf of NMG Consulting, has carried out the valuation of Incurred But Not Reported (IBNR) and Incurred But Not Enough Reported (IBNER) for the company as at 30 June 2026 and has ensured that adequate reserves have been made in these condensed interim financial statements.

6.7.2 The company has also performed a LAT for non-life insurance reserves, as required by SLFRS - 4, to ascertain whether the recorded reserves are adequate in meeting future liabilities. The LAT was performed by the external actuarial consultants, NMG Consulting and it has been concluded that the recorded reserves in respect of the non-life insurance business of the company as at 30 June 2026 are adequate to meet the future liabilities of the business.
