02.5 Where necessary, comparative figures have been re-classified to conform with the current period's presentation.

03.DIVIDEND FROM BANGLADESH ASSOCIATES

There was a delay in the receipt of dividends from the Group's associate companies in Bangladesh due to the prevailing conditions and operational challenges faced by those companies. However, the management of the associate companies is taking the necessary steps to resolve these issues and expedite the dividend remittance process. In the meantime, LVL Energy Fund PLC has implemented proactive measures to manage its cash flow, including the restructuring of its bank facilities and the successful completion of a rights issue in May 2026.

Furthermore, considering the time value of money arising from the delay in the receipt of these dividends, management has recognized a provision of LKR 99 million against the dividend receivable balance in accordance with the applicable SLFRS/IFRS requirements. The impact of this provision is expected to be reversed upon receipt of the related dividends by the Group.

04.INVESTMENTS IN ASSOCIATES IN BANGLADESH

Two of the Group's investee companies in Bangladesh, Lakdhanavi Bangla Power Limited and Feni Lanka Power Limited, have USD-denominated borrowings and Power Purchase Agreements (PPAs) with the Bangladesh Power Development Board (BPDB) that include USD-denominated revenue components. The companies have obtained the necessary approval from the relevant authorities to convert local currency receipts into USD, enabling them to fully meet their USD-denominated loan repayment obligations.

In accordance with IFRS 9 / Financial Instruments, the investee companies have designated these arrangements as cash flow hedges in their financial statements. The USD borrowings have been identified as the hedging instruments, and the revenue streams under the PPAs have been designated as the hedged items. Both the hedging instruments and hedged items meet the recognition criteria set out in IFRS 9, and hedge effectiveness has been assessed at 100%. Consequently, hedge accounting principles have been appropriately applied by the respective companies.

Since these companies are associates, the Group has applied the equity method of accounting as per LKAS 28 / Investments in Associates and Joint Ventures. Accordingly, the Group has recognized its share of profit or loss, other comprehensive income, and net assets relating to these investments in its consolidated financial statements.

05.SHARE OF PROFITS FROM BANGLADESH ASSOCIATES

Associate companies in Bangladesh have recognized interest income on delayed payments receivable from the Bangladesh Power Development Board (BPDB) in their respective financial statements for the financial year 2025/26. The Group's proportionate share of such delayed interest income amounted to LKR 213.8 Mn.

The Group has recognized its share of profits from these Bangladesh associate companies excluding the delayed interest income. Accordingly, such delayed interest income will be recognized in the Group financial statements on a cash-received basis.
