Dear Sir,

WINDFORCE PLC – CORPORATE DISCLOSURE
UNDER SECTION 8 OF THE LISTING RULES

WINDFORCE PLC INAUGURATES 10 MW KEBITIGOLLEWA SOLAR POWER PROJECT

With reference to the market announcement on 27th July 2023, WindForce PLC proudly announces the inauguration of the 10 MW Kebitigollewa Solar Power Project in Kebitigollewa, Anuradhapura District on 07th August 2024.

Spanning 35 acres, the project is set to significantly enhance Sri Lanka's national grid with an estimated annual output of 20.24 GWh. It features 23,296 PV modules, advanced Huawei string inverters, and transformers on a fixed tilt structure. Additionally, a new 12 km/33kV transmission line connects the plant to the Kebitigollewa Gantry and ultimately to the Vavuniya grid substation.

Notably, the project boasts an all-women technical team, demonstrating WindForce PLC's commitment to gender equality in the renewable energy sector. It is also the first project in Sri Lanka to receive a clean energy subsidy grant under the Joint Crediting Mechanism (JCM) program between Japan and Sri Lanka.

WindForce PLC has led the Engineering, Procurement, and Construction (EPC) aspects, ensuring high-quality and efficient implementation. This project marks a significant step in Sri Lanka's renewable energy journey, reinforcing WindForce PLC's role in sustainable development.

Yours faithfully,
