Dear Madam,

WINDFORCE PLC EXPANDS RENEWABLE ENERGY PORTFOLIO WITH BESS AND FLOATING SOLAR PROJECTS

With reference to the Company's announcement dated 13th May 2026 relating to the award of the Battery Energy Storage System (BESS) projects, and the announcement dated 28th November 2025 regarding the execution of the Standardised Power Purchase Agreement (SPPA) for the floating solar power project, WindForce PLC is pleased to announce that:

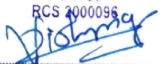

- the first grid-scale, standalone Battery Energy Storage System (BESS), developed jointly with Vidullanka PLC; and
- a 5 MW floating solar power plant developed by Diyajanani (Pvt) Ltd, a wholly owned subsidiary of WindForce PLC,

are scheduled to be commissioned on 18th September 2026.

The 10 MW/40 MWh BESS facility in Anuradhapura, developed through StoreX (Pvt) Ltd, is the first of 13 BESS facilities that will collectively provide 130 MW/520 MWh of energy storage capacity.

The floating solar plant is expected to generate approximately 9 GWh of renewable energy annually. Following the commissioning of these projects, WindForce PLC's total renewable energy generation capacity has increased to approximately 268 MW.

Yours faithfully,
