Ms. Nilupa Perera,
Chief Regulatory Officer,
Colombo Stock Exchange
Echelon Square,
No. 4. World Trade Centre
Colombo 01.

Dear Madam,

LAUGES GAS PLC- CORPORATE DISCLOSURE

In terms of the Listing Rules Section 8 of the Colombo Stock Exchange, we wish to formally announce that LAUGES Gas PLC wishes to clarify recent discussions regarding LPG availability in certain areas and assures the public that steps are actively being taken to restore normal distribution within the coming days.

The current temporary supply constraint arose during the transition from a previous international supplier to a newly onboard supplier, following the conclusion of the earlier supply agreement. During this interim period, scheduling adjustments in cargo arrivals affected distribution timelines.

In addition, LAUGFS Gas' primary large-scale operations are based at the Hambantota Terminal. Due to prevailing regulatory conditions, the facility could not be fully utilized for domestic market operations. We are pleased to note that the Government authorities are extending their support to facilitate the release and operationalization of the terminal to strengthen national LPG supply stability. LAUGFS Gas appreciates the constructive engagement and cooperation extended in this regard.

Cargo shipments under the new supply arrangement have been secured, and distribution normalization is currently underway. Our operational teams are working diligently to accelerate deliveries and restore full market supply at the earliest.

LAUGFS Gas remains fully committed to meeting national demand requirements and continuing to serve Sri Lankan households and businesses reliably.

Thanking you,

Yours faithfully.

LAUGES GAS PLC
