Dear Madam,

WINDFORCE PLC - CORPORATE DISCLOSURE UNDER SECTION 8 OF THE LISTING RULES

Inauguration of the 10 MW Sooryashakthi Solar Power Project

With reference to the announcement dated 12th July 2024, WindForce PLC is pleased to officially announce the inauguration of the 10 MW Sooryashakthi Solar Power Project located in Vavunativu, Batticaloa on 26th July 2025.

The project was developed in collaboration with Vidullanka PLC and executed under WindForce PLC's full Engineering, Procurement, and Construction (EPC) scope. Situated on 27 acres of high-salinity land, previously unfit for agriculture, the plant now contributes approximately 19.5 GWh annually to the national grid.

Key project highlights include:

- Installation of 22,048 photovoltaic modules
- Deployment of 34 string inverters for enhanced efficiency and reliability

Despite encountering construction delays due to seasonal flooding, the project was successfully completed on schedule thanks to the dedication of the project team and effective coordination with local and government stakeholders.

This milestone underscores WindForce PLC's continued commitment to expanding Sri Lanka's renewable energy portfolio and supporting the nation's transition toward a cleaner and more sustainable energy future.
