LVL ENERGY FUND PLC

ANNUAL REPORT
2025-2026

SUSTAINING OUR TOMORROW

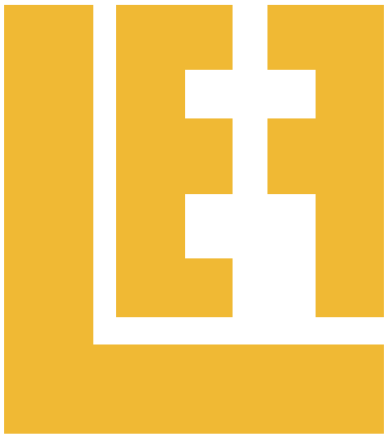

Resources shape potential. Strategy builds security. Sustainability defines success.

True national strength lies in harmony between industrial growth and environmental stewardship, delivering clean energy where it matters most.

By accelerating renewable integration, modernizing our grid, and championing responsible generation, we ensure our growth leaves a lasting, positive footprint.

From green fields to urban centers, every clean megawatt generated moves us closer to a net-zero future.

Behind every pole, line, and innovation lies a pledge to the people-a vision that is clean, competitive, and continuously evolving.

CHAIRMAN'S MESSAGE

I welcome you to the fifteenth Annual General Meeting of the Company and on behalf of the Board present to you the Annual Report of the board of directors and audited accounts of the Company for the year ended 31st March 2026.

GROUP FINANCIAL PERFORMANCE

A detailed account of the Group Financial Performance is given in the Management Discussion and Analysis on pages 12 to 16. A synopsis of it is given below for your reference.

During the FY 2025/26, power generation income from our six subsidiary companies decreased to LKR 407 million from LKR 437 million in the previous year. Unit Energy and Sapthakanya plants performed better compared to the previous year due to higher rainfall experienced. Campion Hydro recorded a lower turnover due to the tariff paid by the CEB falling into Tier 2 level which is much lower than the Tier 1 tariff. Two solar plants in Maho and Pallekele suffered due to malfunctioning of some of the inverters, an issue that is now rectified.

The Operating Profit decreased to LKR 50 million from LKR 262 million in the previous year. Factors which contributed to this reduction of Operating Profits are impairment provision made against the delayed dividends receivable from our investments in Bangladesh, lower interest income from short-term repo investments and lower generation income described above. Further, the previous year's income was boosted by the receipt of Delay Payment Interest from CEB, which was nonexistent in the reporting year.

Share of Earnings from the Equity Accounted Investees decreased to LKR 578 million from LKR 760 million a year ago. Two hydro power projects were damaged during cyclone Ditwah. Reconstruction work on these two projects was completed in June 2026. Performances of the two wind power projects were also affected by major maintenance requirements. Repair work is ongoing at the time of reporting.

The Group Profit before tax declined to LKR 339 million from LKR 668 million in the previous year. The Group tax charges declined to LKR 74 million from LKR 121 million recorded last year. The Group post-tax profit reduced to LKR 265 million from a post-tax profit of LKR 548 million in FY 2024/25. Post-tax profit attributable to equity holders of the Company was LKR 232 million compared to a post-tax profit of LKR 501 million in the previous year.

The company has investments in Bangladesh and Nepal and is therefore exposed to Foreign Currency Risks. At Other Comprehensive Income (OCI) level, we are affected by exchange rate movements between USD & BDT, BDT & LKR and NPR & LKR. Total OCI for the year is a gain of LKR 399 million compared to a loss of LKR 761 million for the previous year. Risk arising from the USD borrowings by our investee companies in Bangladesh is fully hedged, as part of their revenue is denominated in USD.

Total Comprehensive Income of the group for FY 2025/26 is LKR 664 million compared to a Total Comprehensive Loss of LKR 213 million in the previous year. Total Comprehensive Income attributable to equity holders of the company for the year is LKR 626 million.

Overall, the company has a strong balance sheet with the major part of the assets being financed by shareholders' funds. However, we are currently up against a liquidity issue due to non-receipt of dividends from our investments in Bangladesh declared in 2022, 2024 and 2025. Also, realising the value of these assets through disposals at acceptable prices in the short term has proved to be challenging. As a solution, the company raised LKR 507 million through a rights issue of 3 for 31 shares held in May 2026. The issue was oversubscribed. I am grateful to the shareholders who placed their trust on the company and its board of directors. The money raised was exclusively used for reduction of debt of the company as per the declared purpose of the issue. Further capitalisations are being contemplated.

ECONOMIC OUTLOOK – SRI LANKA

Sri Lanka's macroeconomic outlook for 2026 and 2027 indicates a moderating, resilient recovery following its recent economic crisis. Major institutions forecast a stabilisation phase characterised by moderating GDP growth, accelerating inflation due to domestic price reforms, and steady fiscal tightening under international assistance programs. The government is focusing on fiscal sustainability, aiming to improve the Revenue-to-GDP ratio, reduce the budget deficit, and maintain a primary surplus. In 2026, GDP is expected to grow at 3.5% to 4.0%, moderating marginally to 3% to 3.5% in 2027.

Moving away from the accommodative policies of 2025, the CBSL now operates under a strict Flexible Inflation Targeting framework, prioritising domestic price stability and targeting an inflation rate of 5.0%. Following an extended pause, the CBSL shifted toward policy tightening in mid-2026 to curb

emerging inflationary risks. In May 2026, the Monetary Policy Board delivered a 100 basis-point hike, raising the Overnight Policy Rate (OPR) to 8.75%. Following the CBSL's increase of the OPR, commercial bank borrowing costs escalated rapidly. The AWPLR breached the double-digit mark, climbing to 10.39% by late June 2026. Rates remain elevated but show minor weekly fluctuations.

Sri Lanka's external sector in 2026 is experiencing widened trade deficits and intense short-term cost pressures due to geopolitical conflicts, mainly the war between USA and Iran, balanced by record-breaking worker remittances. Beyond 2026, the sector is projected to stabilise as structural export roadmaps take effect and international debt re-profiling mitigates immediate cash drains.

ECONOMIC OUTLOOK - BANGLADESH

The company has made significant investments in Bangladesh. Bangladesh's macroeconomic outlook for FY 2026/27 fiscal year points toward a cautious and fragile recovery. The country is stabilizing from prior political shifts and structural banking issues. Major global financial institutions have trimmed their growth targets, projecting real GDP to settle between 4.5% and 4.6% for FY 2026/27, trailing behind the government's ambitious target of 6.5%. Inbound worker remittances remain the ultimate macroeconomic stabilizer, logging a strong 27.6% year-on-year growth. Readymade garments (RMG) maintain baseline resilience, but overall export growth is constrained. According to official Bangladesh Bank figures, gross foreign currency reserves in July 2026 stands at USD 36 billion.

ECONOMIC OUTLOOK – NEPAL

The company has also invested in a hydro power project in Nepal. Nepal's economy is projected to experience moderate growth in 2026, with forecasts ranging from 4.5% to 4.6%. This growth is expected to be driven by increased domestic trade, hydropower generation, and improvements in the services sector. Its economy is largely dependent on remittances from their foreign workers. Sustained, high worker remittance inflows remain the structural engine of Nepal's external account. Nepal has substantial foreign reserves amounting to over USD 18.6 billion.

ACKNOWLEDGEMENTS

I thank my fellow directors for the confidence they have placed in me and support extended to me in the performance of my responsibilities as Chairman of the Company. Mr. Nihal Kekulawala and Mr. Chandana Dharmawardena, two non-executive independent directors resigned from the board during the year on reaching 70 years of age. Mr. Damith Pallewatte and Mr. Rajive Dissanayake, who represented the Hatton National Bank, also resigned due to internal rotations effected by the bank. I thank all of them for the services rendered to the company during their tenure.

I thank our business partners for their loyalty and support. The co-operation extended to us by other financial institutions is also acknowledged and appreciated. Let me conclude by thanking Mr. Palitha Gamage, the Chief Executive Officer and rest of the staff, for their commitment and hard work in managing and sustaining the affairs of the company during another challenging year.

W.P.K. Jayawardana
Chairman
31st August 2026

BOARD OF DIRECTORS

1. MR. KUSAL JAYAWARDANA
(Chairman/Independent Non-Executive Director)

Mr. Kusal Jayawardana has nearly three decades of experience in debt capital markets, equity capital markets, corporate advisory, mergers and acquisitions, investment management and financial services. He is presently the Director/Group Chief Executive Officer of ACL Cables PLC, an Independent Director of HNB Securities Limited and an Independent Director/Chairman of Lanka Ventures PLC. He is also a co-founder of corporate finance advisory firm Serendib Frontier Capital. Previously he was the Deputy Managing Director of Alliance Finance PLC, Managing Director/CEO of NDB Capital Limited, Bangladesh and Chief Operating Officer of NDB Capital Holdings PLC and was a director of Resus Energy PLC, Panasian Power PLC, Lanka Communication Services Limited and Cable Solutions PLC.

Mr. Jayawardana is involved in launching several innovative capital market products in Sri Lanka and Bangladesh, including securitisation structures, convertible securities and derivatives and has executed several landmark capital market transactions. He played a key role in setting up NDB Capital Limited, Bangladesh and Emerald Sri Lanka Fund, being the first private equity country fund set up in Sri Lanka.

Mr. Jayawardana is a Chartered Financial Analyst, Associate Member of The Chartered Institute of Management Accountants, UK and the Chartered Global Management Accountants, USA and was an Associate member of the Association of Chartered Certified Accountants, UK. He also holds an MBA from the Open University of Sri Lanka in collaboration with Commonwealth of Learning, Canada. He is presently reading for his doctoral program at the University of Colombo.

2. MR. RAY ABEYWARDENA
(Non-Executive Director)

Mr. Ray Abeywardena is the Managing Director and Group CEO of HNB Investment Bank, with over 30 years of experience in Sri Lanka's capital markets. He began his career as a Stockbroker and transitioned into Investment Banking in 2009, playing a key role in the growth and evolution of the industry. Prior to his current position, he served as Managing Director/CEO of HNB Stockbrokers from 2001 to 2008. Mr. Abeywardena brings extensive expertise in business management, strategic marketing, and financial management to his professional and board roles.

He currently serves as a Director on the Boards of the Colombo Stock Exchange, CSE Clear (Private) Limited, Central Depository Systems (Pvt) Ltd and Lanka Ventures PLC. His leadership is marked by a deep understanding of market dynamics, a commitment to governance, and a client-centric approach.

Mr. Abeywardena holds a Master of Business Administration (MBA) degree from the University of Wales. He is a Member of the Chartered Institute of Marketing (UK) and a Certified Management Accountant (Australia).

3. MR. SANJAYA WIJEMANNE
(Non-Executive Director)

Mr. Sanjaya Wijemanne is presently the Senior Executive Vice President/Chief Operating Officer at Hatton National Bank PLC and manages the areas of Wholesale Banking, SME/Microfinance, Retail Banking, Islamic Banking, Trade, Transaction Banking, Network, Channel Management, Custody, Client Service and Digital Banking. He also serves as a Director at HNB Stockbrokers (Pvt) Ltd, HNB Investment Bank (Pvt) Ltd, HNB General Insurance, Fintech Forum (Guarantee) Ltd and Lanka Ventures PLC. Previously he served as a Director of Lanka Clear (Pvt) Ltd.

Mr. Wijemanne holds a BSc in Business and Finance from Mount Saint Mary's University, USA.

Mr. Wijemanne holds over 30 years of experience in Banking sector. He commenced his banking career as a Management Trainee/Executive at Hatton National Bank PLC where he covered areas of Branch Banking and Corporate Banking. Thereafter he joined HSBC where he held different positions such as Vice President – Custody and Clearing, Head of Sales, Head of Branches including Premier Banking, Branch Manager – Kollupitiya Branch/ Manager Premier Centre. He then joined Standard Chartered Bank and held positions of Head of Retail Banking, General Manager – Premium Banking Branch Sales and Services and General Manager – Wealth Management Value Centre.

4. MR. NISSANKA WEERASEKERA

(Independent Non-Executive Director)

Mr. Nissanka Weerasekera served as the Regional Managing Partner for Central and South Asia of Aureos Capital, a leading international Private Equity (PE) fund manager focusing on small and mid-cap enterprises in emerging markets worldwide from 2003 until the acquisition of Aureos Capital by the Abraaj Group in 2012. He also functioned as the Group Operations Director of Aureos Capital while serving on the Board of Directors of the parent company of Aureos in the United Kingdom. After the acquisition of Aureos, he served as the Managing Director for Sri Lanka and Bangladesh of the Abraaj Group until his retirement in 2017. Mr. Weerasekara started his PE career in the mid-1990s as the CEO of the pioneer Sri Lankan Venture Capital (VC) firm PVIC and subsequently as the Managing Director of Nextventures, a VC firm spun-off from PVIC. He has served as the Nominee Director of numerous investee companies of the aforementioned PE and VC firms including among others, MillenniumIT, Interblocks, ConceptNursery, TextCentric, e-Channelling, Richlife Dairies, Dutch Lanka Trailers, Asiri Central Hospital and Apollo Hospital Dhaka. In addition, he has served as an Independent Non-Executive Director of several public listed companies in Sri Lanka including among others, Dipped Products PLC, John Keells Hotels PLC, Sunshine Holdings PLC and Watawala Plantations PLC.

He currently serves as an Independent Non-Executive Director of ACL Cables PLC, TAL Lanka Hotels PLC and Lanka Ventures PLC. He is also a Director of The Children's Heart Project of Sri Lanka.

He is a past-President of the Venture Capital Association of Sri Lanka, a past-Editor of the Sri Lanka Association of Economists and a past-Trustee of the National Trust of Sri Lanka.

He is a Fellow Member of the Chartered Institute of Management Accountants (FCMA), has an MA in Economics from the University of Colombo and a BSc (Hons) in Physics from the University of Peradeniya.

5. MS. IVON BROHIER

(Independent Non-Executive Director)

Ms. Ivon Brohier brings over 20 years of leadership in Sri Lanka's financial services industry while bringing deep expertise in corporate finance, strategic planning, and business development.

Ms. Brohier began her professional journey at KPMG Ford Rhodes Thornton & Co. as a Tax Analyst, before moving on to AMW Capital Leasing & Finance PLC, where she served as Senior Finance Manager for over a decade. She then joined Nations Trust Bank PLC as Senior Manager – Financial Reporting and Control, before advancing to Abans Finance PLC as Chief Financial Officer and later Acting CEO. She held executive leadership roles at Softlogic Finance PLC, including CFO, Acting CEO, and eventually Chief Executive Officer. Ms. Brohier recently held the position of Chief Operating Officer of PMF Finance PLC. She also served as the Chairperson and Independent Non-Executive Director of MBSL Insurance Limited. Presently she holds the position of Chief Financial Officer, Janashakthi Finance PLC and serves as an Independent Non-Executive Director of Lanka Ventures PLC.

Ms. Brohier is a Fellow Member of the Institute of Chartered Accountants of Sri Lanka (FCA) and a Fellow Member of the Institute of Certified Management Accountants of Sri Lanka (FCMA). She holds a Master of Business Administration (MBA) from University of Colombo and a BSc in Management (Special) from University of Sri Jayawardenepura.

MANAGEMENT DISCUSSION AND ANALYSIS

1. FINANCIAL REVIEW

The following discussion and analysis should be read in conjunction with the audited consolidated financial statements of the Group and the Company for the year ended 31st March 2026.

1.1 Revenue

Total revenue of the Group for the year under review was LKR 418 million compared to LKR 537 million in the previous year. Previous year revenue was boosted by the receipt of Delay Payment Interest from CEB, amounting to LKR 72 million, which was nonexistent in FY 2025/26. The other contributory factors for the reduction are relatively lower power generation income as well as Interest Income earned.

Power generation income from subsidiary companies decreased to LKR 406.8 million from LKR 437.0 million in the previous year. Turnovers of the six plants managed by the subsidiary companies for the year are given in the table below. Unit Energy and Sapthakanya plants performed better compared to the previous year due to higher rainfall experienced. Campion Hydro recorded a lower turnover due to the tariff paid by the CEB falling into Tier 2 level, which is much lower than the Tier 1 tariff. Two solar plants in Maho and Pallekele suffered due to the malfunctioning of some of the inverters, which issue is now rectified.

Subsidiary Company	Revenue (LKR Mn)	
	2025/26	2024/25
Unit Energy Lanka (Pvt) Ltd	205.6	185.6
Sapthakanya Hydro Electric Company (Pvt) Ltd	41.5	34.4
Campion Hydro (Pvt) Ltd	39.0	60.3
Solar Energy Investments (Pvt) Ltd.		
- SEI Maho (Pvt) Ltd	65.0	81.8
- SEI Pallekele (Pvt) Ltd	32.8	49.2
- SEI Mathugama (Pvt) Ltd	22.9	25.7
Total	**406.8**	**437.0**

1.2 Operating Profit

Operating Profit decreased in the year to LKR 50 million from LKR 262 million in the previous year. In addition to the reasons described above leading to a lower revenue, the company made an impairment provision of LKR 99 million against the Dividends Receivable from our investments in Bangladesh, considering the timing issues.

1.3 Share of Profit from Equity Accounted Investees (Associate Companies)

Share of profit from associate companies decreased to LKR 578 million in FY 2025/26 from LKR 760 million in FY 2024/25. Contribution from thermal power plants in Bangladesh decreased in the current year to LKR 668 million from LKR 676 million in the previous year. Two hydro power projects were damaged during cyclone Ditwah. Reconstruction work of these two projects was completed in June 2026. Performance of two of the wind power projects was also affected by major maintenance requirements. Repair work is ongoing.

1.4 Finance Cost

On the back of gradual repayment of capital, group finance cost reduced to LKR 289 million from LKR 354 million in the previous year. Total long-term bank borrowings of the group reduced to LKR 2,544 million by 31st March 2026 from LKR 2,851 million at the end of the previous year.

1.5 Profit before Tax

As the net result of the above changes, Profit before Tax decreased to LKR 339 million from LKR 668 million in the previous year.

1.6 Profit after Tax

The group's Profit after Tax also declined to LKR 265 million from a Net Profit of LKR 548 million in the previous year. Accordingly, the profit attributable to equity holders of the Company is LKR 232 million.

1.7 Other Comprehensive Income

Other comprehensive income for the year was LKR 399 million, consisting of foreign currency translation of investments amounting to LKR 250 million and share of OCI from equity accounted investees amounting to LKR 150 million. During the year, the SL Rupee depreciated against BDT from LKR 2.44 per BDT in April 2025 to LKR 2.56 per BDT in March 2026, resulting in the favorable foreign currency translation.

Positive OCI of equity accounted investees is a result of part repayment of USD term loans by two of our investee companies in Bangladesh during the year. Both companies have USD denominated revenues and as such this part of the exchange risk is fully hedged.

1.8 Total Assets

Total assets of the Group as at 31st March 2026 amounted to LKR 9,136 million compared with LKR 8,522 million a year ago, an increase of LKR 614 million. This increase is largely a result of the higher Translation Reserve owing to the depreciation of LKR against BDT and the reduction of the negative Hedge Reserves coming from Bangladesh investments.

1.9 Bank Debt

Total interest-bearing borrowings of the Group as at 31st March 2026 amounted to LKR 2,544 million compared with LKR 2,851 million a year ago. The composition of the borrowings is as follows:

LKR Mn	LEF	Subsidiaries
Non Current Borrowings	269	688
Current Borrowings	1,517	70

LEF Current borrowings include a bullet payment of LKR 1,016 million, which was payable in April 2026. The company negotiated with the relevant bank and restructured it to a LKR 1.0 billion term loan payable in five years. Balance LKR 16 million was settled.

1.10 Equity Capital

Group equity as at 31st March 2026 was LKR 6,044 million, including non-controlling interest. This is a 11.4% increase over the previous year. Accordingly, 66% of Total assets are funded by equity.

2. PORTFOLIO HIGHLIGHTS

Our investment portfolio in operational projects as at 31st March 2026, in terms of cost, stood at LKR 4,742 million. Portfolio diversification in terms of energy source, capacity, ownership and geography is given below:

Number of Projects	Local	Overseas
Hydro	7	1
Wind	2	-
Solar	3	-
Thermal	-	3

Generation Capacity in MWs	Local	Overseas
Hydro	17.6	10.0
Wind	15.3	-
Solar	6.0	-
Thermal	-	218.4

LEF Investment (LKR Mn)	Local	Overseas
Hydro	730.8	664.7
Wind	666.5	-
Solar	216.9	-
Thermal	-	2,462.7

Number of Projects	Local	Overseas
Subsidiaries	6	-
Associates	6	4

Our investment portfolio is diversified not only in terms of energy source but also in terms of geographic location. In Sri Lanka, the hydro power plants are spread across Ratnapura, Nuwara Eliya, Kegalle, Galle and Badulla districts, thereby benefitting from rainfall patterns attributable to each district. The hydro power plant in Nepal further strengthened the diversification of the portfolio in terms of geographic location.

The solar power plants in Mathugama in Kalutara district, Pallekele in Kandy district and Maho in Kurunegala district have further diversified the portfolio in terms of energy source and geographic location.

Our two wind power plants are located in Kalpitiya peninsula which area is renowned for good wind resources.

Since energy generation based on hydro and wind resources is seasonal by nature, by investing in three thermal power plants in Bangladesh and solar power projects in Sri Lanka, we were able to avoid major fluctuations in revenue across the year.

The expansion of our footprint beyond the shores of Sri Lanka has ensured that we do not depend entirely on a single buyer for our sales.

A summary of energy generation during financial year 2025/26 is given below:

Electricity Generation in MWh	Local	Overseas
Hydro	51,860	61,817
Wind	26,981	-
Solar	7,333	-
Thermal	-	477,699

Total energy generated by our group companies in the year 2025/26 was 625,690 MWhs.

3. OPERATING ENVIRONMENT

3.1 Macro-economic Environment

Sri Lanka's economy during FY 2025/26 transitioned from a rapid, post-crisis rebound into a stabilising but challenging growth environment. As of mid-2026, the macroeconomic landscape reflects a clear economic normalisation following structural reforms under the International Monetary Fund (IMF) program. However, a dual hit from local climate shocks (Cyclone Ditwah) and global geopolitical friction has moderated the growth momentum compared to early 2025. Real GDP grew by a strong 5.0% in calendar year 2025. For 2026, economic growth is moderating, with the IMF projecting growth to cool down to 3.0%, while the Asian Development Bank (ADB) and domestic analysts estimate it between 3.5% and 4.0%.

3.1.1 Interest Rates

The interest rate of all borrowings of the company and project companies operating in Sri Lanka are linked to AWPLR, and as such are exposed to interest rate movements in the market. AWPLR bottomed out in early 2025 before reversing into a steady upward trajectory that has extended through mid-2026. This shift reflects a transition from aggressive post-crisis monetary easing into a period of rising credit demand, currency pressures, and resurgent inflation. AWPLR, which hovered around 8.6% p.a. in mid-2025, moved up to 9% p.a. by December 2025. By June 2026, it had risen sharply to 10% p.a.

Working capital facilities in Bangladesh Taka (BDT) of the three project companies in Bangladesh are exposed to the movement of interest rates in Bangladesh. Interest rates in Bangladesh remained anchored at historical highs throughout 2025 and into mid-2026 as the central bank pursued a strict contractionary monetary policy to suppress inflation. Under the guidance of the International Monetary Fund (IMF), Bangladesh Bank (BB) prioritised macroeconomic stabilisation over growth. The benchmark repo/policy rate was held strictly at 10.00% from October 2024 through all of 2025, and remained unchanged via the first half of 2026. General retail and corporate loans regularly peaked between 13.50% and 14.50% across private commercial entities.

US Dollar (USD) borrowings of project companies in Bangladesh are linked to SOFR (Secured Overnight Financing Rate). Between 1st April 2025 and 31st March 2026, the SOFR experienced a downward movement, starting at an average of 4.40% in early 2025 and dropping down to 3.65% by March 2026. This trajectory directly mirrored the Federal Reserve's monetary easing cycle and rate cuts over this 12-month window.

Nepali Rupee borrowings of our project company in Nepal are pegged to the Base Rate of the consortium of banks which funded the project, the Sanima Bank being the lead bank. Between 1st April 2025, and 31st March 2026 the base rate of Sanima Bank Limited in Nepal experienced a noticeable downward trajectory, contracting from an average range of 6.0% to 6.5% down to a lower floor of 5.0% by the end of March 2026.

3.1.2 Exchange Rates

In relation to the investments in Bangladesh, where long term borrowings are in USD, the exchange rate between BDT and USD has an impact on financial results of those entities. However, the USD denominated feed-in tariffs of those projects help to cushion the adverse effect of depreciation of BDT against the USD. At our end the exchange rate between BDT and LKR has an impact on translation of the carrying value of the investments from BDT to LKR.

Between 1st April 2025 and 31st March 2026 global forex markets witnessed divergent paths for South Asian currencies, as the Bangladeshi Taka (BDT) maintained strict crawling-peg stability while the Sri Lankan Rupee (LKR) experienced significant structural volatility, causing a sharp realignment in regional cross-rates.

During the FY 2025/26, the BDT depreciated 1.9% against the USD from BDT 122.00 in April 2025 to BDT 122.75 in March 2026. LKR depreciated by 6.4% against the USD during this period from LKR 296.32 in April 2025 to LKR 315.19 in March 2026. As a result, LKR depreciated by 4.9% against BDT during the same

period from LKR 2.44 in April 2025 to LKR 2.56 in March 2026. Impact of these exchange rate movements on our performance is explained under "Other Comprehensive Income" section given above.

During FY 2025/26, LKR appreciated slightly against Nepali Rupee from LKR 2.17 in April 2025 to LKR 2.08 in March 2026.

3.1.3 Taxation

For FY 2025/26, the applicable Corporate Tax is 30%. Dividends are taxed at the rate of 15%.

The concessionary rate of corporate tax of 14% granted to entities engaged in the generation of renewable energy under the Sixth Schedule of the Inland Revenue Act No. 24 of 2017(the Act) has expired and our investee companies engaged in renewable energy generation are now liable to pay corporate tax at 30% except where BOI agreements permit paying tax at 20%.

The withholding tax (WHT) rate applicable to dividends distributed by companies in Bangladesh is 20%. However, in terms of the Double Taxation Agreement dated 24th July 1986 entered into between the governments of Sri Lanka and Bangladesh, dividends paid by our Bangladeshi investee companies are subject to WHT at a concessionary rate of 15%. In terms of the Act, foreign dividends received by a resident company are exempt from tax subject to substantial participation as defined in the Third Schedule of the Act. Accordingly, the dividends received from our investee companies in Bangladesh are exempt from tax. The re-distribution of such dividends is not subject to any further tax in terms of Inland Revenue (Amendment) Act No. 10 of 2021.

3.1.4 Electricity Sector in Sri Lanka

In Sri Lanka, the electricity landscape is nearly balanced between clean and fossil energy sources, with low-carbon electricity accounting for slightly more than half of the country's total electricity consumption. Among the low-carbon sources, hydropower contributes the largest share, encompassing about a third of the total electricity, while solar and wind energy make up approximately 10% and 5%, respectively. This balanced mix highlights an emerging trend towards cleaner energy sources, although there remains a significant dependency on fossil fuels and coal, which supply nearly half of the electricity. Prioritising low-carbon over fossil energy sources is essential to mitigate climate change and reduce air pollution for a healthier and more sustainable energy future. Total installed generation capacity in Sri Lanka is 5,800 MWs.

3.1.5 Electricity Sector in Bangladesh

Electricity generation in Bangladesh heavily relies on fossil fuels, with more than 90% of its electricity coming from these sources. A significant portion of this, around 57%, comes from gas, and nearly a fifth is derived from coal, implying a strong dependence on fossil energy. Net imports contribute close to 8% to the electricity mix, while low-carbon energy sources make up about 2% of electricity, illuminating a considerable gap in sustainable energy production. Solar power is at the forefront of low-carbon sources, albeit contributing just over 1%, showing room for significant expansion in this area. Total installed generation capacity connected to the grid is 27,000 MWs.

3.1.6 Electricity Sector in Nepal

Nepal's electricity generation is primarily dominated by hydropower, with over 98% of the installed capacity coming from hydroelectric plants. The total installed capacity reached 4,200 MWs, including both hydropower and alternative energy sources. Nepal has a vast potential for hydropower generation, estimated at 72,000 MW, with a significant portion considered economically and technically feasible. Nepal experiences massive generation surges during the summer monsoon season, yielding significant export surpluses. Conversely, during the dry winter months, river flows drop sharply, forcing the country to import thermal electricity from India to bridge local shortages.

3.2 Feed-in Tariff

For Unit Energy, the 15-year SPPA with CEB expired in February 2023. It has been extended for another five years. CEB initially offered a tariff of LKR 11.23 per kWh for the year 2023. This was later revised to LKR 15.77 per kWh from August to December 2023. The applicable tariff for 2026 is LKR 16.43 per kWh.

For Neluwa, the 15-year SPPA with CEB expired in December 2022. It has been extended for another five years. CEB initially offered a tariff of LKR 7.24 per kWh for the year 2023. This was later revised to LKR 10.58 per kWh from August to December 2023. The applicable tariff for 2026 is LKR 11.05 per kWh.

Nividu hydro power plant completed its original 15-year power purchase agreement in May 2017. The subsequent 5-year power purchase agreement also expired in May 2022. Now the project is on the second 15-year PPA effective up to 2038. The feed-in tariff attributable to the plant for the calendar years 2022 and 2023 was LKR 9.19 and 9.46 per kWh, respectively. The tariff is escalated annually at the rate of 3% and the tariff applicable for 2026 is LKR 10.33 per kWh.

The first 15-year power purchase agreement of the Nividu Assupiniella hydro power plant expired on 10th November 2020. The second 5-year power purchase agreement was in force till October 2025. This agreement has now been extended till 2040. Currently applicable tariff is LKR 8.55 per kWh.

Pawan Dhanavi wind power plant is operating under the second tier of the three-tier tariff regime since 9th August 2020. Tariff for 2026 is LKR 15.27 per kWh. Nala Dhanavi wind power plant is operating under the second tier of the tariff regime since June 2021. Tariff for 2026 is LKR 15.51 per kWh.

Sapthakanya entered the Tier two tariff structure in September 2023. Currently applicable tariff is LKR 10.46 per kWh. Campion hydro power plant operated under the first tier of the 20-year three-tier tariff regime up to April 2025. Thereafter, Campion fell to the Tier 2 tariff in April 2025 and the current tariff is LKR 10.06 per kWh.

Bambarapana Hydro power plant operated under Tier I of tariff structure till February 2026. Under Tier II, the current tariff is LKR 9.93 per kWh.

The 20-year fixed feed-in tariff attributable to the solar power plants in Mathugama, Pallekele and Maho is LKR 17.48, LKR 16.93 and LKR 15.93 respectively.

LTL Energy (Pvt) Ltd owned Makari Gad MHP in Nepal has a 30-year PPA with Nepal Energy Authority. Tariff applicable for the Wet season is NPR 5.23 per kWh, whereas the tariff for the dry season is NPR 9.16 per kWh.

Thermal power plants in Bangladesh, namely Feni Lanka, Lakdhanavi Bangla and Raj Lanka have 15-year power purchase agreements with Bangladesh Power Development Board. Remaining periods of the PPAs are 8, 3 and 2 years respectively. They are entitled to a structured tariff consisting of a Capacity Charge and an Energy payment.

4. PLANT & EQUIPMENT

Subject to financial viability, we relied on leading and well-established suppliers of plant and equipment with the view to ensuring their reliability, availability and efficiency. This is evident from the following list of machinery suppliers to our projects:

Hydro Power

Project Name	Source
Belihuloya	Wasserkraft, Germany
Assupiniella	VA Tech, Germany
Kadawala	Voith Siemens, Germany
Lower Neluwa	Gugler Hydro Energy, Austria
Theberton	Fuchun Industry Development Co, China Hongya Power Generating Equipment, China
Campion	Hongya Power Generating equipment, China
Bambarapana	Global Hydro Energy, Austria
Makari Gad	Wasserkraft Volk, Germany

Wind Power

Project Name	Source
Pawan Danavi	Gamesa, Spain
Nala Dhanavi	Gamesa, Spain

Solar Power

Company Name	Source
SEI Mathugama (Pvt) Ltd.	Solar modules: Q Cells, South Korea Inverters: Sungrow, China
SEI Maho (Pvt) Ltd.	Solar modules: JA Solar, China Inverters: Ingeteam, Spain
Solar Energy Investments Pallekele (Pvt) Ltd.	Solar modules: JA Solar, China Inverters: Ingeteam, Spain

Thermal Power

Company Name	Source
Raj Lanka Power Co Ltd	Wartsila, Finland
Lakdhanavi Bangla Power Ltd	Wartsila, Finland
Feni Lanka Power Ltd	Wartsila, Finland

5. FUTURE OUTLOOK

The future prospects for Independent Power Producers (IPPs) in Bangladesh are shifting from rapid capacity expansion to strict operational consolidation, driven by a severe liquidity crunch and aggressive regulatory reforms. While the state is aggressively renegotiating past deals to ease fiscal stress, new prospects are emerging entirely within the low-cost renewable energy and grid-tied solar space. The most critical short-term challenge for IPPs is a prolonged liquidity crisis stemming from delayed payments from the Bangladesh Power Development Board (BPDP).

Makari Gad (Pvt) Ltd, the 10MW Mini Hydro Project in Nepal is actively looking into possible means of reducing its high finance cost. They are exploring the possibility of listing the company on the Nepal Stock Exchange.

The company raised additional capital through a 3:31 rights issue and raised LKR 507 million in June 2026. The issue was oversubscribed. The rights issue proceeds are utilised to reduce debt of the company, as stated in the Circular to the Shareholders.

ANNUAL REPORT OF THE BOARD OF DIRECTORS

The Directors of LVL Energy Fund PLC have pleasure in presenting to the members their report together with the Audited Financial Statements of the Company for the year ended 31st March 2026.

PRINCIPAL ACTIVITIES

The principal activity of the Company is investing in projects in the energy sector in Sri Lanka and abroad.

PERFORMANCE REVIEW

A review of the Group's business and its performance during the year is contained in the Chairman's Message on pages 8 to 9 and Management Discussion and Analysis on pages 12 to 16 of the Annual Report. This review together with the Financial Statements reflect the state of affairs of the Company and the Group. These reports form an integral part of the Annual Report of the Directors.

FINANCIAL STATEMENTS

The Financial Statements of the Company and the Group together with the Notes are given on pages 45 to 90.

AUDITOR'S REPORT

The Auditors' Report on the Financial Statements is given on pages 42 to 44.

ACCOUNTING POLICIES

The accounting policies including any changes to accounting policies adopted in the preparation of Financial Statements are given on pages 50 to 59.

DIRECTORATE

The following Directors held office during the year under review:

Mr. W.P.K. Jayawardana*
Mr. M.R. Abeywardene
Mr. M.S. Wijemanne - *appointed on 01st October 2025*
Mr. N.B. Weerasekera*- *appointed on 08th October 2025*
Ms. I. Brohier*- *appointed on 09th December 2025*
Mr. K.C.S. Dharmawardana* - *Resigned on 30th September 2025*
Mr. A.G.R. Dissanayake - *resigned on 01st October 2025*
Mr. P.G.D.B. Pallewatte - *resigned on 15th October 2025*
Mr. J.D.N. Kekulawala* - *resigned on 08th December 2025*
*Independent Director

As required by Listing Rule 9.8.2 of the Colombo Stock Exchange, the Board has determined that Mr. W.P.K. Jayawardana, Mr. N.B. Weerasekara and Ms. I. Brohier to be independent non-executive Directors. Further details are given on page 27 under Corporate Governance.

In terms of Article 27(12) of the Articles of Association of the Company Mr. W.P.K. Jayawardana and Mr. M.R. Abeywardena retire by rotation, and being eligible, offer themselves for re-election with the unanimous approval of the Board.

DIRECTORS' SHAREHOLDING

The relevant interest of Directors in the shares of the Company as at 31st March 2026 and 31st March 2025 is as follows:

Director	31 March 2026	31 March 2025
Mr. W. P. K. Jayawardana	Nil	Nil
Mr. M. R. Abeywardena	Nil	Nil
Mr. N. B. Weerasekara	Nil	Nil
Mr. M. S. Wijemanne	Nil	Nil
Ms. I. Brohier	Nil	Nil

Mr. J.P. Gamage, the Chief Executive Officer of the Company does not hold any shares in the Company as at 31st March 2026 (31st March 2025-Nil).

INTEREST REGISTER

The Interest Register is maintained by the Company as per the Act. All Directors have disclosed their interests pursuant to Section 192(2) of the Act.

DIRECTORS' INTERESTS IN CONTRACTS AND PROPOSED CONTRACTS WITH THE COMPANY

Directors' interests in contracts, both direct and indirect are referred to in Note 28 of the Financial Statements. These interests have been declared at the meetings of the Board of Directors. The Directors have no direct or indirect interest in any other contract or proposed contract with the Company.

DIRECTORS' REMUNERATION

Directors' remuneration in respect of the Company and the Group for the financial year 2025/26 is given in Note 9 of the Financial Statements.

DONATIONS

No donations have been made by the Company during the financial year 2025/26.

AUDITORS

The Auditors Messrs. KPMG were paid LKR 819,950 exclusive of taxes (2024/25 – LKR 713,000) as audit fees and there were no audit related other services rendered to the Company during the financial year 2025/26 (2024/25 - Nil).

As far as the Directors are aware the Auditors do not have any relationship (other than that of an auditor) with the Company or any subsidiary other than those disclosed above. The Auditors also do not have any interest in the Company or in any subsidiary.

NOMINATIONS AND GOVERNANCE COMMITTEE

The Nominations and Governance Committee of the parent namely Lanka Ventures PLC, which is also a listed entity, functions as the Nominations and Governance Committee of the Company and comprises the following members:

Mr. N.B. Weerasekera - Chairperson
Mr. W.P.K. Jayawardana
Mr. M.S. Wijemanne

AUDIT COMMITTEE

The Audit Committee of the parent, namely Lanka Ventures PLC, which is also a listed entity, functions as the Audit Committee of the Company and comprises the following members:

Ms. I. Brohier - Chairperson
Mr. M.R. Abeywardene
Mr. W.P.K. Jayawardana

REMUNERATION COMMITTEE

The Remuneration Committee of the parent, namely Lanka Ventures PLC, which is also a listed entity, functions as the Remuneration Committee of the Company and comprises the following members:

Mr. N.B. Weerasekera - Chairperson
Mr. W.P.K. Jayawardana
Mr. M.S. Wijemanne

RELATED PARTY TRANSACTIONS REVIEW COMMITTEE

The Related Party Transactions Review Committee of the parent, namely Lanka Ventures PLC, which is also a listed entity, functions as the Related Party Transactions Review Committee of the Company and comprises the following members:

Mr. N.B. Weerasekera - Chairperson
Mr. W.P.K. Jayawardana
Ms. I. Brohier

The Company is in compliance with Section 9 of the Listing Rules of the Colombo Stock Exchange pertaining to related party transactions.

Details of non-recurrent related party transactions entered into during the year that require disclosure in compliance with Section 9.14.8 (1) of the Listing Rules of the Colombo Stock Exchange are set out in Note 29 on page 82 and there were no recurrent related party transactions during the year that are required to be disclosed in compliance with Section 9.14.8 (2) of the Listing Rules of the Colombo Stock Exchange.

GROUP FINANCIAL RESULTS

For the year ended 31 March	2026	2025
	LKR '000	LKR '000
Total Income	418,194	537,011
Profit before Interest and Tax	627,819	1,022,020
Interest	(288,659)	(353,731)
Tax Expense	(73,926)	(120,767)
Profit/(loss) for the Year	265,234	547,523
Other Comprehensive Income	399,200	(760,915)
Retained profit brought forward	1,811,362	1,309,744
Retained profit carried forward	2,042,735	1,811,362

DIVIDEND

There has been no dividend declared for financial year 2025/26 (2024/25 - Nil).

PROPERTY, PLANT AND EQUIPMENT

The movement in property, plant and equipment during the year under review is set out in Note 14 of the Financial Statements.

The Directors are of the opinion that the carrying amount of properties stated in Note 14 to the Financial Statements reasonably reflects their fair values.

STATED CAPITAL AND RESERVES

The stated capital of the Company as at 31st March 2026 comprised ordinary share capital of LKR 3,372.3 million (2024/2025 - LKR 3,372.3 million). The number of ordinary shares in issue as at 31st March 2026 was 698,733,742 (2024/25 - 698,733,742).

Total reserves of the Company as at 31st March 2026 amounted to LKR 2,495.6 million (2024/25 - LKR 1,849.2 million) which was the carried forward reserves of the Company. The Group reserves as at 31st March 2026 amounted to LKR 2,469.6 million (2024/25 - LKR 1,843.3 million). The composition of reserves is shown in the Statement of Changes in Equity in the Financial Statements.

TAXATION

As per the Inland Revenue Act No. 24 of 2017 and amendments thereto, the Company was liable to income tax at the rate of 30% for the year ended 31st March 2026.

ANNUAL REPORT OF THE BOARD OF DIRECTORS

SHAREHOLDER INFORMATION

The distribution of shareholders is indicated on page 92 of the Annual Report. There were 7,626 registered shareholders as at 31st March 2026 (31st March 2025 – 3,929). The public holding of the Company as at 31st March 2026 was 48.54% comprising 7,625 shareholders and a float adjusted market capitalization of LKR 2,713,135,256.00.

In terms of Rule 7.14.1.(a) of the Listing Rules of the Colombo Stock Exchange relating to Main Board listing, the Company complies with minimum public holding requirement pertaining to Option 5.

Information on share trading is given on page 93 of the Annual Report.

EVENTS AFTER THE REPORTING DATE

No circumstances have arisen and no material events have occurred since the Balance Sheet date which would require adjustments to, or disclosure in the accounts other than those disclosed in the Financial Statements and this report.

GOING CONCERN

The Board is satisfied that the Company has adequate resources to continue its operations in the foreseeable future and the Directors have adopted the going concern basis in preparing the accounts.

ANNUAL GENERAL MEETING

The Fifteenth Annual General Meeting of the Company will be held as a virtual meeting on the Twenty Ninth (29th) day of September 2026 at 3.00 p.m. The Notice of the Fifteenth Annual General Meeting is on page 94 of the Annual Report.

CORPORATE GOVERNANCE

"Corporate Governance" is a generic term that describes the ways in which rights and responsibilities are distributed among the various corporate bodies according to the rules, processes or laws to which they are subject. In practice, corporate governance defines the decision-making systems and structure through which owners directly or indirectly control a company. The Board of Directors of LVL Energy Fund PLC is committed to ensuring business integrity and professionalism in all its activities. As a part of this commitment, the Board of Directors has proactively encouraged good corporate governance practices within the Company based on a generally accepted policy framework, which emphasizes transparency, control and accountability.

Board of Directors and its Role

The Board of Directors as of 31st March 2026 consist of five non-executive directors including three independent directors with wide financial and commercial knowledge and experience. The directors act on a fully informed basis, in good faith, with due diligence and care, and in the best interest of LVL Energy Fund PLC. They are well aware of the Company's activities and give direction for long-term strategy, seeking and contributing views and opinions on strategic options proposed by the senior management of the Company. The directors also ensure that the Company is compliant with the provisions of the Companies Act No. 07 of 2007 and other statutory and regulatory requirements including the Listing Rules and circulars of the Colombo Stock Exchange and Securities and Exchange Commission of Sri Lanka.

The board meets once in two months and special board meetings are held whenever required to review the results of the Company with reference to monthly Financial Statements, status of portfolio, pipeline of projects, investment and divestment proposals and position papers on portfolio companies. The Board comprising entirely non-executive members is able to bring independent judgment to bear on the decision-making process of the Company.

At these meetings the board reviews;

- Monthly performance of the Company against the budget
- Formulation, monitoring and implementation of sound business strategies, internal controls and risk management procedures that are in place and monitor their effectiveness and initiate changes where required
- Secure effective information, control and audit systems
- Compliance with legal/ethical standards

The details of attendance of board meetings are as follows.

Name of Director	Attendance of Board Meetings

Mr. J.D.N. Kekulawala – Resigned on 08th December 2025

At the Annual General Meeting in every year, two of the directors retire by rotation on the basis prescribed in the Articles of Association of the Company and are eligible for re-election. The retiring directors eligible for re-election this year are mentioned in the Notice of the AGM.

Composition of the Board

Non-Executive, Independent Directors

Mr. W.P.K. Jayawardana (Chairman)
Mr. N.B. Weerasekara
Ms. I. Brohier

Non-Executive, Non-Independent Directors

Mr. M.R. Abeywardena
Mr. M.S. Wijemanne

At present, there are five directors on the board, whose profiles are given on pages 10 and 11 in this Annual Report. All the directors have the necessary skills and experience to direct and lead the Company.

Independence and Managing Conflicts of Interests

The independence of all non-executive Independent Directors was reviewed and no Non-Executive Independent Director has a conflict of interest as at 31st March 2026.

Board Committees

Audit Committee

The Board formally constituted the Audit Committee comprising of Ms. I. Brohier as the Chairperson and Mr. M.R. Abeywardena, non-independent non-executive director and

Mr. W.P.K. Jayawardana, independent non-executive director to oversee the financial reporting and internal control systems of the Company. This committee is also directed with the task of ensuring that all statutory and regulatory requirements are complied with in preparation of the Financial Statements of the Company in order that they give a true and fair view of the Company's state of affairs.

Attendance of the Audit Committee meetings were as follows.

Name of Director	Status	Attendance
Ms. I. Brohier*	IND/NED	1/1
Mr. M.R. Abeywardena	NED	4/4
Mr. W.P.K. Jayawardana	IND/NED	4/4
Mr. J.D.N. Kekulawala**	IND/NED	3/3

*appointed w.e.f. 09.12.2025
**resigned on 08.12.2025

The detailed Audit Committee's report including areas reviewed during the financial year 2025/26 is given on Page 35 of the Annual Report.

Remuneration Committee

The board also has a Remuneration Committee comprising of following two non-executive independent directors and one non-independent non-executive Director and its responsibility is to establish and develop the Company's general policy on remuneration package for executive directors.

- Mr. N.B. Weerasekara (Chairperson of the committee)
- Mr. W.P.K. Jayawardana
- Mr. M.S. Wijemanne

Attendance of the Remuneration Committee meetings were as follows.

Name of Director	Status	Attendance

Directors' Interest and Responsibilities

The directors of the Company have made the general disclosures provided for in Section 192(2) of the Companies Act No.07 of 2007 and have been duly entered in the interest register of the Company.

The directors are required by relevant statutory provision to prepare financial statements for each financial year, which gives a true and fair view of the state of affairs of the Company for that period. In preparing the financial statements, appropriate accounting policies have been selected and applied consistently and reasonably and prudent judgments and estimates have been made. The applicable Sri Lanka Accounting Standards

have been followed and explained in the notes to the financial statements.

The directors are responsible for ensuring that the Company keeps sufficient accounting records to disclose with reasonable accuracy of the financial position of the Company and to ensure that the Company's financial statements comply with the provisions of the Companies Act. No. 07 of 2007, the Sri Lanka Accounting Standards and the Listing Rules of the Colombo Stock Exchange.

The directors are also responsible for ensuring that reasonable measures are taken to safeguard the assets of the Company at all times. In this context, they have established appropriate systems of internal controls with a view to preventing and detecting frauds and other irregularities.

In preparing accounts, the directors continue to adopt the going concern basis. The directors after reviewing the Company's budget and borrowing facilities are of the view that the Company has adequate resources to continue in operation for the foreseeable future.

Fitness of Directors

The Company assessed fitness of Directors of the Company and obtained the declaration of fitness and propriety confirming that all Directors of the Company have satisfied the Fit and Proper Assessment Criteria set out in the Section 9.7.3 of the Listing Rules of Colombo Stock Exchange.

Policies

The board has ensured that the company operates according to internal mechanisms based on the Articles of Association and adheres to following internal policies:

- Policy on the matters relating to the Board of Directors
- Policy on Board Committees
- Policy on Corporate Governance, Nominations and Re-election
- Policy on Remuneration
- Policy on Internal Code of Business conduct and Ethics for all Directors and employees, including policies on trading in the Entity's listed securities
- Policy on Risk management and Internal controls
- Policy on Relations with Shareholders and Investors
- Policy on Environmental, Social and Governance Sustainability
- Policy on Control and Management of Company Assets and Shareholder Investments
- Policy on Corporate Disclosures
- Policy on Whistleblowing
- Policy on Anti-Bribery and Corruption

Compliance with Legal Requirements

The board is conscious of its responsibilities to the shareholders, the government and the society in which it operates and is unequivocally committed to upholding ethical behavior in conducting its business. The Board of Directors requires that Financial Statements are prepared in accordance with the Sri Lanka Accounting Standards and the requirements of the Colombo Stock Exchange.

Relationship and Communication with Shareholders

LVL Energy Fund PLC aims to ensure that shareholders have access to relevant, up-to-date and consistent financial and non-financial information pertaining to the Company. The Annual Report and Quarterly Financial Statements provide the shareholders as well as prospective investors with the required information to assess the Company's past performance and analyze its future prospects. Additionally, important matters are communicated to relevant stakeholders through AGMs, EGMs, announcements to the CSE, press releases, and the corporate website.

Corporate Governance Requirements under the Listing Rules of Colombo Stock Exchange

Sections 7 and 9 of the Listing Rules of the Colombo Stock Exchange requires all Listed Companies to include in their Annual Reports an affirmative statement relating to compliance with the Corporate Governance Rules specified in that section. The tables in pages 31 to 34 contains the required affirmative statement in that regard.

Company Secretary

The Company secretary is qualified to act in this role as per the provisions of the Companies Act No. 07 of 2007.

External Auditors

The External Auditors are appointed by the shareholders at the Annual General Meeting and are responsible to give their opinion on the Financial Statements prepared by the Company.

At the 14th Annual General Meeting of LVL Energy Fund PLC held on 26th September 2025, the shareholders reappointed the Auditors M/s. KPMG and authorized the directors to fix their remuneration. The independent auditors conduct the annual audit in order to provide an external and objective assurance on the way in which the Financial Statements have been prepared and presented.

CORPORATE GOVERNANCE

The Company believes that the real value of corporate governance lies not in blindly satisfying a code of best practice principle but rather in actually securing the confidence of the investors and thereby achieving a lower cost of equity by conducting its affairs with utmost integrity & fairness to all stakeholders.

Investment Committee

The Investment Committee comprising three members of the Board is responsible for considering investment and divestment proposals prior to placing them before the Board for approval.

Responsibilities

The Board and its committees are supplied with full and timely information to enable them to discharge their responsibilities. The responsibilities of the Board include the following:

- Exercise leadership, enterprise, integrity and judgment in directing the Company so as to achieve continuing prosperity in a manner based on transparency, accountability and responsibility.
- Ensure a managed and effective process of Board appointments.
- Determine the Company's purpose and values, strategy and ensure that appropriate procedures and practices are in place.
- Monitor and evaluate the implementation of strategies and policies for better management performance.
- Ensure compliance with the relevant laws, regulations and codes of best practice.
- Communicate with shareholders effectively and serve the legitimate interests of the shareholders.
- Periodic and timely reporting to shareholders of the progress and performance of the Company.
- Review processes and procedures regularly to ensure that internal controls are effective.
- Identify key risk areas and ensure that these risks are addressed and managed effectively.
- Appointing and evaluating the performance of the Chief Executive Officer.
- Approving the Annual Budget.
- Ensure the continuation of the Company as a going concern.

Investor Relations

The Annual General Meeting, Annual Report of the Company and Quarterly Reports are the principal means of communication with the shareholders. .

Foreseeable risk factors

- Credit Risk
  Is the risk of loss due to uncertainty in counterparty's ability to meet its financial obligations in full and in a timely manner. Investee companies in the energy sector are dependent on a single customer for sale of electricity.

- Interest Rate Risk
  Is the risk of financial loss due to adverse movement in interest rates.

- Liquidity Risk
  Is the risk arising out of the lack of marketability of an investment. The Group's investments are in unlisted companies whose shares may not be readily marketable.

- Business Risk
  Is the risk that can have a negative impact on the operation or earnings of the Company due to internal or external factors such as changes in the cost structure, loss of market share and changes in industry or macro-economic conditions.

- Operational Risk
  Is the risk of direct or indirect loss arising from a wide variety of causes associated with the Company's processes, personnel, technology and infrastructure, and from external factors other than credit, market and liquidity risks such as those arising from legal and regulatory requirements and generally accepted standards of corporate behavior. Operational risks arise from all of the Company's operations. Venture capital investments are well known as high risk investments since venture capital companies invest in ventures with a high growth but also high risk potential.

  The overall responsibility for the governance of operational risk lies with the Board of Directors. The Board identifies major risk areas and provide adequate resources and people to mitigate and minimize risks. Performance of the ventures and potential new investments are evaluated by the Board in order to make strategic decisions.

- Environment Risk
  Is the risk which arises due to actual or potential threat of adverse effects from environment. An environment study is carried out in respect of each power sector project. Changing weather patterns can have an impact on projects in the renewable energy sector.

Material issues pertaining to employees and industrial relations.

There are no material issues pertaining to employees and industrial relations of the Company.

Complied	There were no related party transactions (RPTs) during the year that required shareholder approval.

AUDIT COMMITTEE REPORT

The Audit Committee is assigned with the task of assisting the Board in fulfilling its responsibility in relation to the integrity of the financial statements of the Company, ensuring that a proper financial reporting system is in place in order to provide accurate and timely information, that it is in accordance with the Company's Act and other legislative reporting requirements and that adequate disclosures are made in the financial statements in accordance with the Sri Lanka Accounting Standards. The Audit Committee reviews the effectiveness of internal controls and implements changes where required and ensures that the risk management processes are effective and sufficient to identify and mitigate risks. The Audit Committee also ensures that the conduct of the business is in compliance with applicable laws and regulations.

The Audit Committee comprises of three Non-Executive Directors including two Independent Directors in conformity with the Listing Rules of the Colombo Stock Exchange and the names of the members of the Committee are given in page 25 in the Annual Report of the Board of Directors.

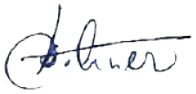

The Committee met four times during the financial year (21st May 2025, 07th August 2025, 10th November 2025 and 09th February 2026) and attendance of members who participated at meetings is given in page 28 under Corporate Governance. The Chief Executive Officer and the Finance Manager of Lanka Ventures PLC attended all meetings by invitation.

The Committee reviewed the financial reporting system adopted by the Company in the preparation of its quarterly and annual financial statements to ensure reliability of the processes and consistency of the accounting policies and methods adopted and their compliance with the Sri Lanka Accounting Standards. The Committee recommended the financial statements to the Board for its approval and issuance.

The Committee reviewed the business process in operation and ensured that adequate controls and procedures are in place to provide reasonable assurance to the Directors that assets are safeguarded and that the financial reporting system can be relied upon in preparation and presentation of financial statements. Additionally, the Committee has received assurances from the Chief Executive Officer and Finance Manager of the Group regarding the soundness and integrity of the Group's operations and financial management. The Committee is satisfied that the Company's compliance framework provided reasonable assurance that all relevant laws, rules and regulations and accounting standards have been complied with. Furthermore, the Company operates under a formal audit charter that guides the Committee's operations and responsibilities.

The Committee is satisfied that the independence of the auditors has not been compromised by any event or service that gives rise to a conflict of interest. Furthermore, as per the SEC guidelines, the Committee has obtained written assurance from the external auditors, confirming that they are and have been independent throughout the conduct of the audit engagement in accordance with the terms of all relevant professional and regulatory requirements.

At the last Annual General Meeting (AGM), shareholders approved the re-appointment of Messrs. KPMG as the external auditors for the financial year ended 31st March 2026, marking the completion of their 14-year tenure. In accordance with the policy for the rotation of external auditors of the ultimate parent company, Hatton National Bank PLC, to maintain alignment across the Group, following the ultimate parent's appointment of Messrs. Ernst & Young for the next financial year, the Committee has proposed the appointment of Messrs. Ernst & Young, Chartered Accountants, as the external auditors of the Company for the financial year ending 31st March 2027 subject to approval by the shareholders at the Annual General Meeting.

RELATED PARTY TRANSACTIONS REVIEW COMMITTEE REPORT

The Committee comprises three Non-Executive directors including two Independent directors and their names are given in page 25 of the Annual Report of the Board of Directors.

The main duties and responsibilities of the Committee and the policies and procedures adopted for reviewing related party transactions are given below:

(1) Establish definitions and set out threshold values for each related party transaction as per the listing rules that requires discussion and disclosure.

(2) Identify related party transactions that require prior approval of the Board, immediate market disclosure, shareholder approval and disclosure in the annual report.

(3) Formulate a standard format for documentation of related party transactions to be presented to the Committee.

(4) Establish guidelines to identify recurrent and non-recurrent related party transactions.

(5) Obtain knowledge and expertise to assess proposed related party transactions where necessary including obtaining of appropriate professional and expert advice from suitably qualified persons.

(6) Communicate to the Board its views on related party transactions reviewed by the Committee.

(7) Periodic review by the Committee with the view to ensuring that disclosures have been made in the market or in the annual report as the case may be consistent with the listing rules.

The Committee met on four occasions during the financial year (21st May 2025, 07th August 2025, 10th November 2025 and 09th February 2026) and attendance of members is given in page 28 under Corporate Governance. The Chief Executive Officer of the Company and Finance Manager of Lanka Ventures PLC attended the meetings as invitees.

The Committee reviewed the related party transactions and communicated its views to the Board. The Committee was satisfied with the quality and adequacy of the information pertaining to related party transactions presented to it by the management in compliance with Section 9 of the Listing Rules of the Colombo Stock Exchange. Additionally, the Board of Directors affirms that these rules pertaining to Related Party Transactions have been fully complied with.

RISK MANAGEMENT

Effective risk management is essential to ensuring sustainable value creation for our stakeholders. At LVL Energy Fund PLC, we operate in a dynamic environment influenced by macroeconomic, geopolitical, environmental, and sector-specific challenges. As such, we have embedded a robust risk management framework within our operations, grounded in the principles of governance, oversight, and accountability.

Our risk management approach is designed to:

- Proactively identify and evaluate material risks,
- Implement timely mitigation strategies,
- Foster a strong risk-aware culture across the organization.

OUR RISK LANDSCAPE

Given our portfolio exposure across Sri Lanka and South Asia, and our investments in renewable and thermal energy, the LVL Energy Fund Group is exposed to a wide range of interrelated risks. These span strategic, operational, environmental, and financial dimensions.

We classify and assess our risks under the following key categories:

1. Strategic and Operational Risks

Risk Description	Impact	Assessment	Mitigation Measures
Climate variability and seasonality	Revenue loss from underperformance	**High Impact/ High Likelihood**	Site-specific climate analysis and feasibility assessments are conducted to ensure optimal project locations. In addition, essential maintenance activities are strategically scheduled during periods of low energy generation to minimize revenue loss.
Delays in dividend receipts from overseas associates	Reduced cash flows for reinvestment and debt service	**High Impact / Medium Likelihood**	We maintain active engagement with investee companies and major shareholders to expedite dividend distributions. Additionally, alternative funding options are kept available to manage potential cash flow shortfalls.
Community and environmental concerns at project sites	Reputational and regulatory risks	**Medium Impact / Medium Likelihood**	Community engagement programs, EIAs, and compliance with local environmental regulations.

2. Economic and Financial Risks

Risk Description	Impact	Assessment	Mitigation Measures
Exchange rate volatility – Exposure to foreign currency loans and dividends	Adverse FX impact on earnings and repayments	**Medium Impact / Medium Likelihood**	Use of natural and financial hedging mechanisms; FX alignment between revenue and borrowings.
Increased borrowing costs and limited access to credit	Constraints on project financing and refinancing	**Medium Impact / Medium Likelihood**	We maintain a diversified lender base and actively engage in negotiations with banks to secure favorable interest rate conditions.
Changes in taxation policy or BOI incentive structures	Reduced profitability and investor returns	**Medium Impact / Medium Likelihood**	Proactive tax planning; applying for BOI concessions and renewable energy incentives.

3. Environmental and Physical Risks

Risk Description	Impact	Assessment	Mitigation Measures
Extreme weather events (floods, droughts, storms)	Damage to infrastructure and loss of generation	**High Impact / Medium Likelihood**	Designing resilient infrastructure; comprehensive insurance coverage for physical assets

OUR APPROACH TO RISK MITIGATION

- **Governance Oversight:** Our Board and Audit Committee provide independent oversight of the Group's risk posture and mitigation progress.
- **Continuous Monitoring:** Key risks are continuously reviewed in light of market and operational developments.
- **Integration with Strategy:** Risk insights are embedded into capital allocation, investment appraisal, and strategic planning processes.

FINANCIAL STATEMENTS

LVL ENERGY FUND PLC

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The responsibility of the Directors, in relation to the Financial Statements of the Company, differs from the responsibilities of the Auditors, which are set out in the Independent Auditors' Report on pages 42 to 44.

The Directors are responsible for preparing the Annual Report and the Financial Statements to the shareholders of the Company. The Directors confirm that the Financial Statements give a true and fair view of the state of affairs of the Company and of the Group at the end of the financial year, and of the profit or loss of the Company and the Group for the financial year.

In preparing the Financial Statements set out on pages 45 to 49 the Directors are required to:

- Select appropriate accounting policies and then consistently make judgments and estimates that are reasonable and prudent.
- State whether applicable accounting standards have been followed.

The Directors confirm that they have complied with the above requirements in preparing both the Company Financial Statements and the consolidated Financial Statements. The Directors also confirm that the Company and the Group have adequate resources to continue in business for the foreseeable future and have applied going concern basis in preparing the Financial Statements.

The Directors are responsible for keeping proper accounting records which disclose with reasonable accuracy, at any time, the financial position of the Company and the Group and to enable them to ensure the Financial Statements comply with the Companies Act No. 07 of 2007.

They are also responsible for safeguarding the assets of the Company and the Group cand for taking reasonable steps for the prevention and detection of fraud and other irregularities. In this regard, the Directors have instituted an effective and comprehensive system of internal control.

The Directors are required to prepare Financial Statements and to provide the external Auditors with every opportunity to take whatever steps and undertake whatever inspections they may consider to be appropriate to enable them to give their independent audit opinion.

The Directors are of the view that they have discharged their responsibilities as set out in this statement.

Compliance Report

The Directors confirm that to the best of their knowledge, all taxes, duties and levies payable by the Company, all contributions, levies and taxes payable on behalf of and in respect of the employees of the Company and other known statutory dues as were due and payable by the Company as at the Balance Sheet date have been paid or, where relevant provided for.

By Order of the Board,

INDEPENDENT AUDITOR'S REPORT

TO THE SHAREHOLDERS OF LVL ENERGY FUND PLC

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of LVL Energy Fund PLC ("the Company") and the consolidated financial statements of the Company and its subsidiaries ("the Group"), which comprise the statement of financial position as at 31st March 2026, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policies and other explanatory information.

In our opinion, the accompanying financial statements of the Company and the Group give a true and fair view of the financial position of the Company and the Group as of 31st March 2026, and of their financial performance and their cash flows for the year then ended in accordance with Sri Lanka Accounting Standards.

Basis for Opinion

We conducted our audit in accordance with Sri Lanka Auditing Standards (SLAuSs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Group in accordance with the Code of Ethics for professional Accountants issued by CA Sri Lanka (Code of Ethics), and we have fulfilled our other ethical responsibilities in accordance with the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Company financial statements and the consolidated financial statements of the current year. These matters were addressed in the context of our audit of the Company financial statements and the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Equity accounting of subsidiaries and associates in the Company's separate financial statements and consolidation of investments in subsidiaries and equity accounting of associates in the Group financial statements

Refer to the material accounting policies in note 3.1, 3.2 and explanatory note 15, 21.3 and 21.4 to the financial statements.

Risk Description

The carrying value of the subsidiaries and associates in the separate financial statements of the company amounted to Rs.7,984.3 million and the carrying value of associates recorded in Consolidated financial statements amounted to Rs.6,392.4 million which represents over 99% of the Company's total assets and 70% of the Group's total assets respectively as at 31st March 2026.

These investments of the Company and Group are accounted for by using equity accounting basis and by consolidation depending on the nature of investments and the requirements of relevant accounting standards. The determination of the appropriate accounting depends upon the ability of the Company to exercise control or significant influence. The Company measures its components using the equity method of accounting in its separate financial statements in accordance with LKAS 27 and LKAS 28. The consolidated financial statements are prepared in accordance with SLFRS 10 and LKAS 28.

Further, with the foreign currency exchange rate movements resulted from the prevailing economic condition, the Group reported a gain on foreign currency translation from foreign operations amounting to Rs. 249.5 million during the year. Further, the Group recorded Rs.149.7 million as share of other comprehensive income on equity accounted investees during the year.

Due to the magnitude of these amounts and the judgements involved in assessing the control/ significant influence, this was considered to be a key audit matter.

Our response

Our audit procedures included,

- Obtaining an understanding of and assessing the design and implementation of management's key internal controls around the application of SLFRS 10 and challenging the significant judgments that management have exercised in determining whether the Group controls its components.
- Verifying the basis of the entities accounted for as subsidiaries and associates in the financial statements.
- Obtaining and reviewing those relevant terms in the shareholders' agreements and articles of association of subsidiaries and associates.
- Recomputing the Net Controlling Interest by using net assets of each subsidiaries.
- Verifying the net assets used for equity accounting with the individual component's financial statements to ensure the accuracy.
- Checking the accuracy of elimination of intercompany transactions.
- Verifying the use of foreign exchange rates and recomputing the foreign currency translation gain/loss at the reporting date on a sample basis.
- Reviewing and evaluating the audit documentation and conclusions of component auditors in respect of the audit work performed on investments in subsidiaries and associates, including assessing whether the audit procedures performed and audit evidence obtained were sufficient and appropriate for the purposes of the group audit, in accordance with the group audit instructions.
- Performing analytical procedures over the financial information of components for which specific audit work was not required based on the group audit risk assessment, to identify unusual or unexpected relationships or fluctuations that may indicate a risk of material misstatement at the group level.
- Reviewing and evaluating the audit procedures performed and conclusions reached by component auditors in respect of cash flow hedge accounting undertaken by components under SLFRS 9, including assessing the appropriateness of the hedge accounting methodology, related assumptions and disclosures, with the involvement of in-house specialists.
- Evaluating the adequacy of the disclosures made in the financial statements.

Emphasis of Matter – comparative information

We draw attention to Note 31 to the consolidated financial statements which indicates that the comparative information presented as at and for the year ended 31st March 2025 has been restated. Our opinion is not modified in respect of this matter.

Other Information

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with Sri Lanka Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's and Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SLAuSs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

KPMG

As part of an audit in accordance with SLAuSs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's and the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by section 163 (2) of the Companies Act No. 07 of 2007, we have obtained all the information and explanations that were required for the audit and, as far as appears from our examination, proper accounting records have been kept by the Company.

CA Sri Lanka membership number of the engagement partner responsible for signing this independent auditor's report is 3544.

NOTES TO THE FINANCIAL STATEMENTS

1. REPORTING ENTITY

LVL Energy Fund PLC is a Public Quoted Company with limited liability incorporated and domiciled in Sri Lanka. The address of the Company's registered office is No. 46/12, Navam Mawatha, Colombo 02.

The Financial Statements of the Company and the Group as at and for the year ended 31 March 2026 comprise the Company and its subsidiaries (together referred to as the "Group" and individually as "Group entities") and the Group's interest in its equity accounted investees. The Financial Statements of all Companies within the Group are prepared for a common financial year which ends 31 March 2026.

Lanka Ventures PLC is the parent company for LVL Energy Fund PLC, which has 51.46% controlling interest and the ultimate parent is HNB Investment Bank (Pvt) Ltd. LVL Energy Fund PLC ('the Company') and its subsidiaries (together 'the Group') invest in the equity and equity related financial instruments of new and existing companies of Sri Lanka which undertake projects with potential for high growth. There were no significant changes in the nature of the principal activities of the Company and the Group during the financial year under audit.

2. BASIS OF PREPARATION

2.1 Statement of compliance

The Financial Statements of the Company and the Group comprise the statements of profit or loss and other comprehensive income, financial position, changes in equity, and cash flows, together with the accounting policies and notes to the financial statements.

The financial statements have been prepared in accordance with the Sri Lanka Accounting Standards (herein referred to as LKASs and SLFRSs), laid down by the Institute of Chartered Accountants of Sri Lanka (CA Sri Lanka).

Further, these statements comply with the requirements of the companies Act No. 07 of 2007.

2.2 Approval of financial statements by directors

The Consolidated and Company's Financial Statements were authorised for issue by the Board of Directors in accordance with the resolution of the directors on 31st August 2026.

2.3 Responsibility for financial statements

The Board of Directors is responsible for the preparation and presentation of the Financial Statements of the Consolidated Financial Statements of the Group and the Financial Statements of the Company as per the provisions of the Companies Act No 07 of 2007.

The Board of Directors acknowledges this responsibility and such responsibilities include the following components:

- Information on the financial performance of the Group for the year under review.
- Information on the financial position of the Group as at the year end.
- Showing all changes in shareholders' equity during the year under review.
- Information to the users on the movement of the cash and cash equivalents.
- notes to the financial statements including the accounting policies and other explanatory notes.

2.4 Basis of measurement

The Financial Statements have been prepared on the historical cost basis and applied consistently with no adjustments being made for inflationary factors affecting the Financial Statements except for the following;

• Investment in equity accounted investees

2.4.1 Functional and presentation currency

These financial statements are presented in Sri Lankan Rupees, which is the Group's functional currency. Financial information presented in Sri Lankan Rupees has been rounded to the nearest thousand unless indicated otherwise.

2.5 Presentation of financial statements

The assets and liabilities of the Group and the Company is presented in its Statement of Financial Position are grouped by nature and listed in an order that reflects the irrelative liquidity and maturity pattern.

2.6 Materiality and aggregation

Each material class of similar items is presented separately in the Financial Statements. Items of dissimilar nature or function are presented separately unless they are immaterial as permitted by the Sri Lanka Accounting Standard - LKAS 01 -"Presentation of Financial Statements".

Notes to the financial statements are presented in a systematic manner which ensures the understandability and comparability of financial statements of the Group and the Company. Understandability of the financial statement

(All amounts in Sri Lanka Rupees thousands)

is not compromised by obscuring material information with immaterial information or by aggregating material items that have different natures or functions.

2.7 Going concern basis for accounting

The Management has made an assessment of its ability to continue as a going concern and is satisfied that it has the resources to continue in business for the foreseeable future. Furthermore, the Management is not aware of any material uncertainties that may cast significant doubt upon the Group's ability to continue as a going concern. Therefore, the Financial Statements of Consolidated Financial Statements of the Group and the Company continue to be prepared on a going concern basis.

2.8 Use of estimates and judgements and assumptions

The preparation of the consolidated financial statements in conformity with Sri Lanka Accounting Standards (LKASs and SLFRSs) requires management to make judgments, estimates and assumptions that affect the application of the Group's and the Company's accounting policies and the reported amounts of assets, liabilities, income and expenses and the disclosure of contingent liabilities at the reporting date. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amount recognized in the Financial Statements are described in the following notes:

I. Note 3.10.2 - Recognition of deferred tax liabilities
II. Note 3.4.3 - Depreciation on property, plant and equipment
III. Note 3.5.2 - Amortization of intangible assets

3. MATERIAL ACCOUNTING POLICIES

The accounting policies set out below have been consistently applied to all periods presented in these financial statement except if mentioned otherwise.

3.1 Basis of consolidation

3.1.1 Business combinations

The Group accounts for business combinations using the acquisition method when Control is transferred to the Group. The consideration transferred in acquisition is generally measured at fair value, as are the identifiable net assets acquired. Any goodwill that arises is tested annually for impairment. Any gain on bargain purchase is recognized in profit or loss immediately. Transaction costs are expensed as incurred, except if related to the issue of debt or equity securities. The Group has an option to apply a 'concentration test' that permits a simplified assessment of whether an acquired set of activities and assets is not a business. The optional concentration test is met if substantially all of the fair value of the gross assets acquired is concentrated in a single identifiable asset or group of similar identifiable assets.

The consideration transferred does not include amounts related to the settlement of pre-existing relationships. Such amounts are generally recognized in profit or loss. Any contingent consideration is measured at fair value at the date of acquisition. If an obligation to pay contingent consideration that meets the definition of a financial instrument is classified as equity, then it is not re-measured, and settlement is accounted for within equity. Otherwise, subsequent changes in the fair value of the contingent consideration are recognized in statement of profit or loss and other comprehensive income.

If share-based payment awards (replacement awards) are required to be exchanged for awards held by the acquiree's employees (acquiree's awards), then all or a portion of the amount of the acquirer's replacement awards is included in measuring the consideration transferred in the business combination. This determination is based on the market-based measure of the replacement awards compared with the market-based measure of the acquiree's awards and the extent to which the replacement awards relate to pre-combination service.

3.1.2 Subsidiaries

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The Financial Statements of subsidiaries are included in the consolidated financial statement from the date on which control commences until the date on which control ceases.

(All amounts in Sri Lanka Rupees thousands)

The Company re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above. Total comprehensive income of subsidiary is attached to the owners of the Company and to the non-controlling interest, even this result in the non-controlling interest having a deficit balance.

3.1.2.1 Interest in subsidiaries

Set out below are the Group's principal subsidiaries as at 31 March 2026.

Name of the entity	Place of business/ Country of incorporation	Effective percentage of ownership held by the group	Principal activities
Lanka Energy International (Private) Limited	Colombo, Sri Lanka	100.00%	Investing in new and existing companies outside Sri Lanka which undertake projects with potential for high growth.
Sapthakanya Hydro Electric Company (Private) Limited	Norton Bridge, Sri Lanka	85.00%	Building and operating of mini hydropower stations and supply of electricity to the National Grid.
Pupulaketiya Mini Hydro Power (Private) Limited	Ratnapura, Sri Lanka	100.00%	Building and operating of mini hydropower stations and supply of electricity to the National Grid.
Unit Energy Lanka (Private) Limited (Sub Subsidiary)	Ginigathhena, Sri Lanka	54.86%	Building and operating of mini hydropower stations and supply of electricity to the National Grid.
LVS Energy (Private) Limited	Kolonnawa, Sri Lanka	57.75%	Investment in power generation companies.
Campion Hydro (Private) Limited	Bogawantalawa, Sri Lanka	84.29%	Building and operating of mini hydropower stations and supply of electricity to the National Grid.
Solar Energy Investments (Private) Limited	Colombo, Sri Lanka	100.00%	Investment in solar power projects.
SEI Maho (Private) Limited	Maho, Sri Lanka	81.47%	Building and operating of mini solar power plants and supply of electricity to the National Grid.
Solar Energy Investments Pallekele (Private) Limited	Pallekele, Sri Lanka	81.10%	Building and operating of mini solar power plants and supply of electricity to the National Grid.
SEI Mathugama (Private) Limited	Mathugama, Sri Lanka	77.15%	Building and operating of mini solar power plants and supply of electricity to the National Grid.

3.1.3 Non-controlling interest

NCI are measured initially at their proportionate share of the acquiree's identifiable net assets at the date of acquisition. Changes in the Group interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions.

3.1.4 Loss of control

When the Group loses control over a subsidiary, it derecognizes the asset and liabilities of the subsidiary, and any related NCI (if applicable) and other components of equity. Any resulting gain or loss is recognized in the statement of profit or loss and other comprehensive income. Any interest retained in the former subsidiary is measured at fair value when control is lost.

3.1.5 Interest in equity accounted investees

The Group's interests in equity accounted investees comprise interests in associates. Associates are those entities in which the Group has significant influence, but not control or joint control, over the financial and operating policies. Significant influence is presumed to exist when the Group holds 20% or more of the voting power of the investee, unless this can be clearly demonstrated that this is not the case.

Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies. The considerations made in determining significant influence or joint control is similar to those necessary to determine control over subsidiaries.

Investments in associates are accounted for under the equity method. They are initially recognized at cost, which includes transaction costs. Subsequent to initial recognition, the consolidated financial statements include the Group's share of the profit or loss and other comprehensive income of equity accounted investees, after adjustments to align the accounting policies with those of the Group, from the date that significant influence commences until the date that significant influence ceases.

(All amounts in Sri Lanka Rupees thousands)

3.1.6 Transactions eliminated on consolidation

Intra-group balances, and income and expenses arising from intra-group transactions are eliminated in preparing the Consolidated Financial Statements. Unrealized gains arising from transactions with equity accounted investees are eliminated to the extent of the Group's interest in the investee against the investment in the investee. Unrealized losses are eliminated in the same way as unrealized gains except that they are only eliminated to the extent that there is no evidence of impairment.

3.1.7 Equity accounting investees in separate financial statements

The Company measures its subsidiaries and associates using the equity method of accounting in accordance with LKAS 28. The Company accounts its subsidiaries and associates using equity method in its separate financial statements as per LKAS 27. Subsequent to initial recognition, the separate Financial Statements include the Company's share of the profit or loss and other comprehensive income of subsidiaries and equity accounted investees, until the date on which control or significant influence ceases. The dividends are recognized as a reduction of the carrying amount of the investments.

3.2 Foreign currency translation

3.2.1 Foreign currency translations

Translations in foreign currencies are translated into the respective functional currencies of Group companies at the exchange rates at the date of translation.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Foreign currency differences are generally recognized in profit or loss. Non-monetary items that are measured based on historical cost in a foreign currency are not translated.

3.2.2 Foreign operations

The assets and liabilities of foreign operations, including goodwill and fair value adjustments arising on acquisition, are translated into rupees at the exchange rates at the reporting date. The income and expenses of foreign operations are translated into rupees at the exchange rates at the dates of the transactions. Foreign currency differences are recognized in OCI and accumulated in the translation reserve, except to the extent that the translation difference is allocated to NCI.

When a foreign operation is disposed of in its entirety or partially as such that control, significant influence or joint control is lost, the cumulative amount in the translation reserve related to that foreign operation is reclassified to profit or loss as part of the gain or loss on disposal. If the Group disposes of part of its interest in a subsidiary but retains control, then the relevant proportion of the cumulative amount is re attributed to NCI. When the Group disposes of only part of an associate or joint venture while retaining significant influence or joint control, the relevant proportion of the cumulative amount is reclassified to profit or loss.

3.3 Financial instruments

3.3.1 Financial assets

Recognition, initial measurement and derecognition

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted by transactions costs, except for those carried at fair value through profit or loss which are measured initially at fair value. Subsequent measurement of financial assets and financial liabilities are described below.

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and all substantial risks and rewards are transferred. A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

Classification and subsequent measurement of financial assets

The Group classifies its financial assets into the following measurement categories:

- Financial Assets measured at amortised cost.

  The classification depends on the Group's business model for managing financial assets and the contractual terms of the financial assets' cash flows.

  The Group classifies its financial liabilities at amortised cost unless it has designated liabilities at fair value through profit or loss or is required to measure liabilities at fair value through profit or loss such as derivative liabilities.

  At the inception, the Financial Assets are classified in one of the following categories:
- Financial assets measured at amortised cost

  At the inception, the Financial Liabilities are classified in one of the following categories:
- Financial liabilities at amortised cost

(All amounts in Sri Lanka Rupees thousands)

Initial measurements of financial instruments

Financial assets and liabilities are initially measured at their fair value plus transaction cost, except in the case of financial assets and liabilities recorded at fair value through profit or loss.

Impairment

The Group recognises loss allowances for expected credit losses (ECLs) on financial assets measured at amortised cost and contract assets (as defined in SLFRS 15).

The Group measures loss allowances at an amount equal to lifetime ECL, except for other debt securities and bank balances for which credit risk (i.e., the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition, which are measured as 12-month ECL.

Loss allowances for trade receivables and contract assets are always measured at an amount equal to lifetime ECL as per the simplified approach. When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECL, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's historical experience and informed credit assessment, and includes forward-looking information.

The Group considers a financial asset to be in default when the borrower is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realizing security (if any is held).

Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument. 12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

Credit-impaired financial assets

At each reporting date, the Group assesses whether financial assets carried at amortised cost are credit impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. Evidence that a financial asset is credit-impaired includes the following observable data:

- Significant financial difficulty of the borrower or issuer;
- The restructuring of a loan or advance by the Group on terms that the Group would not consider otherwise;
- It is probable that the borrower will enter bankruptcy or other financial reorganisation.

Presentation of allowance for ECL in the statement of financial position

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Write-offs

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery.

3.3.2 Financial liabilities

Recognition, initial measurement and derecognition

Financial liabilities are classified as measured at amortised cost. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in profit or loss. Any gain or loss on derecognition is also recognized in profit or loss.

Financial liabilities measured at amortised cost include other payables, interest bearing borrowings, bank overdrafts and amounts due to related parties.

The Group derecognises a financial liability when its contractual obligations are discharged, cancelled, or expire. The Group also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value. On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in profit or loss.

3.3.2.1 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transactionto sell the asset or transfer the liability takes place either:

(All amounts in Sri Lanka Rupees thousands)

- In the principal market for the asset or liability

  Or

- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous marketmust be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability,assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable for the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

  The Group recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change had occurred.

3.4 Property, plant and equipment

3.4.1 Cost

Property, plant and equipment are stated at cost less any accumulated depreciation and any accumulated impairment losses. All items of property, plant and equipment are initially recorded at cost.

The cost of property, plant and equipment is the cost of acquisition or construction together with any expenses incurred in bringing the asset to its condition for its intended use.

3.4.2 Subsequent measurement

The subsequent cost of replacing a component of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within that part will flow to the Group and its cost can be reliably measured. The costs of the day to day servicing property, plant and equipment are charged to the Statement of profit or loss and other comprehensive Income.

3.4.3 Depreciation

Depreciation is charged to profit or loss so as to write off the cost of assets (other than freehold land) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at each year-end, with the effect of any change in estimate accounted for on a prospective basis. The estimated useful lives of property, plant and equipment are as follows;

Class of tangible assets	Useful life
Plant and machinery	30 Years
Buildings	30 Years
Motor vehicle	05 Years

3.4.4 De-recognition

The carrying amount of an item of property, plant and equipment is derecognized on disposal. Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment, and are recognized net within "other income" in profit or loss.

When replacement costs are recognized in the carrying amount of an item of property, plant and equipment, the remaining carrying amount of the placed part is derecognized. Major inspection costs are capitalized. At each such capitalization, the remaining carrying amount of the previous cost of inspections is derecognized.

3.4.5 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective assets. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

(All amounts in Sri Lanka Rupees thousands)

3.5 Intangible assets

Intangible assets that are acquired by the Group include cost incurred to obtain approval for power projects, which have finite useful lives, are measured at cost less accumulated amortisation and accumulated impairment losses.

3.5.1 Subsequent expenditure

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill is recognized in the statement of profit or loss and other comprehensive income as incurred.

3.5.2 Amortization

Amortization is recognized in the Statement of profit or loss and other comprehensive income on a straight-line basis over the estimated useful lives of intangible assets, other than goodwill, from the date that they are available for use. The estimated useful lives for the current periods are as follows:

Approval cost	30 Years

3.6 Leases

At inception of a contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Group recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Group by the end of the lease term or the cost of the right-of-use asset reflects that the Group will exercise a purchase option. In that case, the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Group's incremental borrowing rate. Generally, the Group uses its incremental borrowing rate as the discount rate.

The Group applies the short-term lease recognition exemption to leases that have a lease term of 12 months or less from the commencement date. Lease payments on short-term leases and leases of low-value assets are recognised as an expense on a straight-line basis over the lease term.

3.7 Stated capital

3.7.1 Ordinary share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares and share options are recognized as a deduction from equity, net of any tax effects.

3.8 Provisions

A provision is recognized if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

A provision for onerous contracts is recognized when the expected benefits to be derived by the Group from a contract are lower than the unavoidable cost of meeting its obligations under the contract.

3.9 Income and expenses

Effective interest rate

Interest income and expense are recognised in profit or loss using the effective interest method. The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- The gross carrying amount of the financial asset; or
- The amortised cost of the financial liability.

Amortised cost and gross carrying amounts

The 'amortised cost' of a financial asset or financial liability is the amount at which the financial asset or financial liability is measured on initial recognition minus the principal repayments, plus or minus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount

(All amounts in Sri Lanka Rupees thousands)

and, for financial assets, adjusted for any expected credit loss allowance (or impairment allowance before 01st April 2018). The 'gross carrying amount of a financial asset'is the amortised cost of a financial asset before adjusting for any expected credit loss allowance.

Presentation

Interest income calculated using the effective interest method presented in the Statement of profit or loss and OCI includes–

- Interest on financial assets and financial liabilities measured at amortised cost;
- Other interest income presented in the statement of profit or loss and OCI includes interest income from loans given to related parties.

Interest expense presented in the Statement of profit or loss and OCI includes:

- Financial liabilities measured at amortised cost.

3.9.1 Dividend income

Dividend income is recognised in profit or loss on an accrual basis when the Group's right to receive the dividend is established.

This is usually on the ex-dividend date for equity securities. Dividends are presented in net trading income or net income from other financial instruments at fair value through profit or loss based on the underlying classification of the equity investment.

When equity method of accounting is used for Subsidiaries and associates, the dividends are recognized as a reduction of the carrying amount of the investments.

3.9.2 Other income

Other Income is recognized on an accrual basis.

3.10 Income tax

Income tax expense comprises current and deferred tax. Income tax expense is recognized in profit or loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in equity or other comprehensive income.

The Group has determined that interest and penalties related to income taxes, including uncertain tax treatments, do not meet the definition of income taxes, and therefore accounted for them under IAS 37 Provisions, Contingent Liabilities and Contingent Assets.

3.10.1 Current tax

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted on the reporting date, and any adjustment to tax payable in respect of previous years.

The provision for income tax is based on the elements of income and expenditure as reported in the financial statements and computed in accordance with the provisions of the Inland Revenue Act No. 24 of 2017 and amendments thereto or substantively enacted by the reporting date.

Provision for taxation on overseas subsidiaries/equity accounted investees are made on the basis of the profit for the year as adjusted for taxation purposes in accordance with the provisions of the relevant statutes in those countries.

3.10.2 Deferred Tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax is not recognised for:

- Temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss;
- Temporary differences related to investments in subsidiaries, associates and jointly controlled entities to the extent that the Group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future;and

The measurement of deferred tax reflects the tax consequences that would follow the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities. Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date. Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

A deferred tax asset is recognised for unused tax losses, tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be utilised. Deferred tax is not recognized for the undistributed profits of subsidiaries as the parent group has control over the dividend policy of its subsidiaries and distribution of those profits. Deferred tax assets are reviewed at each reporting date and are

(All amounts in Sri Lanka Rupees thousands)

reduced to the extent that it is no longer probable that the related tax benefit will be realized.

3.11 Earnings per share

The Group presents basic earnings per share (EPS)and diluted earnings per share for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Group by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is calculated based on the profit or loss attributable to ordinary shares outstanding after adjustment for the effects of all dilutive potential ordinary shares.

3.12 Cash flow statement

The Cash Flow Statement has been prepared using the indirect method of preparing Cash Flows in accordance with the Sri Lanka Accounting Standard (LKAS 7) - Statement of Cash Flows. Cash and cash equivalents comprise short term, highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value. The cash and cash equivalent include cash in hand, balances with banks and repurchase agreements.

4. FINANCIAL RISK MANAGEMENT

4.1 Introduction and overview

The Group has exposure to the following risks from financial instruments:

- credit risk
- liquidity risk
- market risks
- operational risks

This note presents information about the Group's exposure to each of the above risks, the Group's objectives, policies and processes for measuring and managing risk, and the Group's management of capital.

4.2 Risk management framework

The Board of Directors has overall responsibility for the establishment and oversight of the Group's risk management framework. The Board consists of three Directors with wide financial and commercial knowledge and experience.

The Group's risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions, products and services offered. The Group, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment, in which all employees understand their roles and obligations.

4.3 Credit risk

Credit risk is the risk of financial loss to the Group/ Comapany if an investee, customer, or counterparty to a financial instrument fails to meet its contractual obligations. For an investment company, this risk arises principally from investments in financial instruments, loans and advances, receivables, deposits, and other financial assets.

The Group manages its credit risk by assessing the creditworthiness of counterparties, monitoring investment exposures on an ongoing basis, and diversifying its investment portfolio where appropriate. The Company also closely monitors economic and market conditions and takes necessary measures to limit exposure to counterparties or investments affected by adverse economic volatility.

4.4 Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

The Group ensures its liquidity is maintained by investing in short, medium and long-term financial instruments to support operational and other funding requirements. The Group determines its liquidity requirements by the use of both short and long-term cash forecasts. These forecasts are supplemented by a financial head room analysis which is used to assess funding adequacy for atleast a 12-month period and the same is reviewed on an annual basis.

4.5 Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

(All amounts in Sri Lanka Rupees thousands)

4.6 Operational risk

Operational risk is the risk of direct or indirect loss arising from a wide variety of causes associated with the Group's processes, personnel, technology and infrastructure, and from external factors other than credit, market and liquidity risks such as those arising from legal and regulatory requirements and generally accepted standards of corporate behaviour, Operational risks arise from all of the Group's operations.

The Group's objective is to manage operational risk so as to balance the avoidance of financial losses and damage to the Group's reputation with overall cost effectiveness and to avoid control procedures that restrict initiative and creativity.

The primary responsibility for the development and implementation of controls to address operational risk is assigned to management within the Group.

This responsibility is supported by the development of overall Group standards for the management of operational risk in the following areas:

- Requirements for appropriate segregation of duties, including the independent authorization of transactions.
- Requirements for the reconciliation and monitoring of transactions.
- Compliance with regulatory and other legal requirements.
- Documentation of controls and procedures.
- Training and professional development.
- Ethical and business standards.

4.7 Capital management

The Board's policy is to maintain a strong capital base so as to maintain investor market confidence and to sustain future development of the business Board of Directors monitors the return on capital, which the Group defines as result from operating activities divided by total shareholders' equity. The Board of Directors also monitors the level of dividends to ordinary shareholders.

There were no changes in the Group's approach to capital management during the year. Group wishes to raise additional capital to invest in more diversified investments to mitigate the future operational risk.

5. New Accounting Standards Issued but Not Effective as at The Reporting Date

The Institute of Chartered Accountants of Sri Lanka (CA Sri Lanka) has issued several new accounting standards and amendments/ improvements to existing standards. These new standards are set to become effective in the coming years. Early application of these standards are allowed, but the Group has not early adopted any of the new or amended standards in the preparation of these financial statements.

5.1 SLFRS 18 Presentation and Disclosure in Financial Statement

SLFRS 18 will replace LKAS 1 Presentation of Financial Statements and applies for annual reporting periods beginning on or after 1 January 2027. The new accounting standard introduces the following key new requirements.

- Entities are required to classify all income and expenses into five categories in the statement of profit or loss, namely the operating, investing, financing, discontinued operations, and income tax categories. Entities are also required to present a newly defined operating profit subtotal. Entities' net profit will not change.
- Management-defined performance measures (MPMs) are disclosed in a single note in the financial statements.
- Enhanced guidance is provided on how to group information in the financial statements.

In addition, all entities are required to use the operating profit subtotal as the starting point for the statement of cash flows when presenting operating cash flows under the indirect method.

5.2 Other accounting standards

The following new and amended accounting standards are not expected to have a significant impact on the financial statements.

- Classification and Measurement of Financial Instruments (Amendments to SLFRS 9 and SLFRS 7).
- Subsidiaries without Public Accountability Disclosures (SLFRS 19).
- SLFRS S1 - General Requirements for Disclosure of Sustainability-related Financial Information.
- SLFRS S2 – Climate-related Disclosures.

13 Basic and diluted earnings per share

Basic earnings per share has been calculated by dividing the profit for the year attributable to equity holders of the Company by the weighted average number of ordinary shares in issue during the year, as per the requirements of the Sri Lanka Accounting Standards LKAS 33 - Earnings per share.

There were no potentially diluted shares outstanding at any time during the year. Therefore, the diluted earnings per share are equal to the Basic earnings per share.

	Group		Company	
	2026	2025 Restated	2026	2025 Restated
Present number of ordinary shares ('000)	698,734	698,734	698,734	698,734
Weighted average number of ordinary shares in issue ('000)	698,734	681,481	698,734	681,481
Profit attributable to equity holders of the company	231,568	500,990	251,568	500,990
Earnings/ (loss) per share	0.33	0.74	0.36	0.74

Diluted earnings per share is same as computed above

	Group		Company	
	2026	2025 Restated	2026	2025 Restated
Movement of weighted average number of ordinary shares in issue ('000)				
Issued ordinary shares as at 01 April	698,734	582,278	698,734	582,278
Effect of rights issue of shares (Bonus elements)	-	12,940	-	12,940
Effect of rights issue of shares (New shares)	-	86,263	-	86,263
Adjusted weighted - average number of ordinary shares in issue as at 31 March	**698,734**	**681,481**	**698,734**	**681,481**

During 2024/25, the Company completed a rights issue, offering 116,455,625 new ordinary shares at a price of Rs. 4.00 per share, which was below the market price at the time of the offer. As the rights issue contained a bonus element, in accordance with LKAS 33 – Earnings Per Share, the weighted average number of ordinary shares for the comparative period has been adjusted retrospectively using a bonus factor to ensure comparability of earnings per share between periods.

21 Stated capital and reserves (Contd.)

21.4 Cash flow hedge reserve

Two of our investee companies in Bangladesh namely Lakdhanavi Bangla Power Limited and Feni Lanka Power Limited have USD borrowings as well as a USD revenue component as per the Power Purchase Agreement (PPA) signed with the Bangladesh Power Development Board. Both companies have sufficient USD cash inflows to cover the USD loan repayments. According to IFRS 9 (SLFRS 9) Financial Instruments, the respective investee companies have treated the said transaction as a "Cash Flow Hedge" in the financial statements and the two companies expect to hedge the variability in the cash flows corresponding to the loan repayments attributable to changes in exchange rates over the period.

In this situation, USD borrowing was recognized as the Hedge Instrument and the USD revenue from the PPA is identified as the Hedged Item and both meet the recognition criteria set out in IFRS 9 (SLFRS 9). Further, Hedge Effectiveness appears to be 100%. Accordingly, respective investee companies have applied hedge accounting principles in their financial statements.

Since both these investments are associates, as per the guidelines of LKAS 28 Investments in Associates and Joint Ventures, Company has applied equity method of accounting and recognized relevant share of the profit or loss, other comprehensive income and net assets in its financial statements in respect of these investments.

23 Deferred tax liability / (Assets)

Deferred tax assets and liabilities are recognized for all taxable and deductible temporary differences that arise from differences between the accounting bases and the tax bases of assets and liabilities.

	Group			Company		
	2026	**2025**	**2024**	**2026**	**2025**	**2024**
Balance as at 01 April	**128,167**	**74,781**	**80,128**	**-**	**-**	**-**
Recognition of previously unrecognized deferred tax	-	(189,403)	-	-	-	-
Charge for the year	10,251	242,789	(5,347)	-	-	-
Balance as at 31 March	**138,418**	**128,167**	**74,781**	**-**	**-**	**-**

Deferred tax assets, which were previously unrecognised, have been recognised during the previous year as the subsidiary has recorded consistent profits over the past two financial years, providing sufficient evidence of future taxable profits. In addition, adequate taxable temporary differences (deferred tax liabilities) were available to set off against the deferred tax assets.

Deffered tax assets/ (liabilities) have been recognised in respect of the following assets and liabilities and it has been calculated by applying the current tax rate (30%) of respective companies in the group which are liable for income tax.

30 Financial risk management and financial instruments

Risk management of the Group is the systematic process of identifying, quantifying and managing all risks and opportunities that can affect the achievement of LVL Energy Fund PLC and its subsidiary's strategic and financial goals. The Group has established a sound risk management framework to identify and mitigate the risk exposure.

Financial instruments held by the Group, principally comprise of cash and cash equivalents and investments held under amortized cost category. The main purpose of these financial instruments is to manage the operating, investing and financing activities of the Group.

The Board of Directors has overall responsibility for the establishment and oversight of the Group's risk management framework. The Board is responsible for developing and monitoring the Group's risk management policies.

The Group's risk management policies are established to identify and analyze the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. The Group, through its procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

(All amounts in Sri Lanka Rupees thousands)

30 Financial risk management and financial instruments (Contd.)

The Audit Committee oversees how management monitors compliance with the Group risk management processes / guidelines and procedures and reviews the adequacy of the risk management framework in relation to the risks.

Financial risk management of the Group is carried out based on guidelines established by the finance division which comes under the purview of the Board of Directors of the Group. The finance division identifies, evaluates and mitigates financial risk in close co-operation with the Group's finance department.

The Group has identified 4 critical types of risk which can affect the Group's operations adversely as Credit risk, Liquidity risk, Market risk and operation risk (note 4.5).

30.1 Exposure to credit risk

Cash at bank and other financial assets

The Group held cash at bank and short term investments of LKR 106,590,462/- as at 31 March 2026 (2025- LKR 153,751,076/-) which represents its maximum credit exposure on these assets. These are invested / held with licensed commercial banks and security company's to limit its exposure to credit risk, which have better fitch ratings ranging from A to AA-.

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the end of the reporting period was as follows.

		Carrying amounts			
	Notes	Group		Company

Nepal Rupee (NPR)	2.1497	2.2002

Sensitivity analysis

A strengthening /(weakening) of the LKR and BDT against all other currencies at 31 March would have affected the measurement of financial instruments denominated in a foreign currency and increased /(decreased) equity and profit or loss by the amounts shown below. This analysis is based on foreign currency exchange rate variances that the Group considered to be reasonably possible at the end of the reporting period. The analysis assumes that all other variables, in particular interest rates, remain constant. The analysis is performed on the same basis for 2025, albeit that the impact of reasonably possible foreign exchange rate variances were nil, as indicated below.

	Equity		Profit or loss	
	Strengthening	**Weakening**	**Strengthening**	**Weakening**
31 March 2026 - BDT (10% movement)	333,091	333,091	95,339	(95,339)
31 March 2025 - BDT (10% movement)	316,766	(316,766)	69,117	(69,117)

30.3.2 Interest rate risk

At the reporting date the interest rate profile of the Group's and the Company's interest-bearing financial instruments were:

	Carrying amounts			
	Group		Company	
As at 31 March	**2026**	**2025**	**2026**	**2025**
Fixed rate instruments				
Financial assets	25,081	10,008	25,081	10,008
	25,081	**10,008**	**25,081**	**10,008**
Variable rate instruments				
Financial liabilities	2,544,168	2,851,407	1,785,915	2,031,051
	2,544,168	**2,851,407**	**1,785,915**	**2,031,051**

30.3.2.1 Sensitivity Analysis

The impact to profit before tax and equity if the interest rate had increased/decreased by 8% (2025 - 8%) is shown below.

	Group		Company	
	2026	**2025**	**2026**	**2025**
Percentage increase	(203,533)	(228,113)	(142,873)	(162,484)
Percentage decrease	203,533	228,113	142,873	162,484

The impact on the profit before tax is Rs. 178.0 Mn (2025-Rs. 197.0 Mn).

(All amounts in Sri Lanka Rupees thousands)

30.4 Analysis of financial assets and liabilities by measurement basis (Contd.)

The Company does not anticipate the fair value of the above to be significantly different to their carrying values and consider the impact as non material for disclosure.

The carrying amounts of financial assets and financial liabilities not measured at fair value approximate the fair value.

30.5 Financial intruments not valued at fair falue

The table below analyses fair value of the financial instruments measured at amortised cost at the end of the reporting date, by the level of the fair value hierarchy.

Group

(All amounts in Sri Lanka Rupees thousands)

30 Financial risk management and financial instruments (Contd.)

30.6 Capital Management

The Group's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. Management monitors the return on capital, as well as the level of dividends to ordinary shareholders.

The Board of Directors seeks to maintain a balance between the higher returns that might be possible with higher levels of borrowing and the advantages and security afforded by a sound capital position.

	Group		Company	
As at 31st March,	**2026**	**2025**	**2026**	**2025**
Total liabilities	3,091,985	3,097,957	2,172,110	2,114,288

Net debt to equity ratio	**0.49**	**0.54**	**0.36**	**0.40**

31 Correction of errors

During the year, the Group discovered that share of profit from an associate had been erroneously recognised at 29.17% instead of 26.35% in its financial statements since 2019, notwithstanding the fact that Group's economic interest in net assets and profit of loss of associate is 26.35%. As a consequence, share of earnings from equity accounted investee and the related Investment in equity accounted investees have been overstated. The errors have been corrected by restating each of the affected financial statement line items for prior periods. The following tables summarise the impact on the financial statements of the Group and the Company.

31.1 Statement of Financial Position

Company			
As at 31 March 2025	**As previously reported**	**Adjustments**	**As restated**
