6 OPERATING SEGMENTS

Accounting policy

An operating segment is a component of the Group/Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group/Company's other components. All operating segments' operating results are reviewed regularly by the Group/Company's CEO to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

6.1 Basis for segmentation

The Group has the following strategic divisions, which are its reportable segments. These divisions offer different products and services, and are managed separately because they require different technology and marketing strategies.

The following summary describes the operations of each reportable segment.

Reportable segments	Operations
Hospital services	Provision of hospital services to inpatient and outpatient
Pharmaceutical	Sale of pharmaceuticals
Laboratories	Provision of laboratories services
Radiology services	Provision of radiographical services

The Group's chief executive officer reviews the internal management reports of each division at least quarterly.

Segment performance is evaluated based on operating profits or losses which in certain respect, are measured differently from operating profits or losses in the consolidated financial statements. Income taxes are managed on a Group basis and are not allocated to operating segments.

6.2 Segment information

The following table presents the income, profit, asset and liability information on the Group's strategic business divisions for the quarter ended Septemeber 30, 2026 and comparative figures for the quater ended September 30, 2025
